# The Viking Log

Property of  
**John Kerr**

To clarify

JOHN KERR REALLY  
BELONGS TO THIS BOOK.

R. TRAPEZ

John -  
I hope you had a  
happy year. I hope  
you did it all right in  
your office. I hope  
you did it.

John -  
Since I saw  
you I am convinced that  
I am not your girl friend  
I shouldn't really write  
anything. I hate to leave  
P.H.S. next year but knowing  
that you'll be here to take  
care of Mr. L. and others I need  
not worry -  
Suck always  
Claire Rensberg

Kerr baby,  
We have had a  
happy time in Geometry  
this year. But Thank God  
it's over.  
Good Luck.  
M. L. Waller

John -  
I hope you had a  
happy year. I hope  
you did it all right in  
your office. I hope  
you did it.

John -  
I haven't seen you  
much this year but it has  
been great knowing you these  
past few years. I hope we have  
some classes together next year.  
Good Luck  
Dan Council

John -  
It's really been fun  
in English this year. I hope  
you're really enjoyed your  
tutor and your antique  
selling about your guns and  
everything. I hope  
you're in some of my  
classes next year.  
Good Luck  
Gloria  
Dunham

John,  
 It has been a lot  
 of fun in Health and P.E.  
 and Intermusicals.  
 Best of Luck  
 Dick Haymer

John - I was a lot of  
 fun in P.E. this year &  
 I hope I will  
 see you this summer.

John - really has  
 been nice putting  
 behind you in P.E.  
 this year. It has been  
 rough (understatement of the year)  
 but I have enjoyed it.  
 Lots of luck in the future.  
 See you this summer.  
 I wish you  
 weren't such a rookie.

John,  
 It has been fun  
 being in class with  
 you this year. I hope  
 we will be in some  
 classes together next  
 year. Good Luck

Lots of Luck  
 Darrell Scott

John - Have a lot  
 of fun this summer  
 and I see you next  
 year. Probably at the  
 "Y". Best of luck  
 Denis  
 Pitner

Gary Sapp

John - It's been  
 nice being in class  
 with you this year.  
 I hope you'll  
 give me a hand  
 next year.

John - I hope you  
 have a lot of fun  
 this summer. I'll  
 see you next year.  
 Best of luck  
 Randy

John - I hope you  
 have a lot of fun  
 this summer. I'll  
 see you next year.  
 Best of luck  
 Dennis  
 Pitner

John,  
Chemistry has really been a  
blast. Even with our water fights!  
Ok! Those experiments, did we  
ever do anything right?  
Best of luck to you always.

Lynn Lubels  
"A T" 1960-61

Kore,  
Oh, hasn't health and  
P.E. been jolly good fun?  
I'll be seeing you this summer  
and next fall also. Maybe will be  
in some classes together.  
Lots of luck,  
John Eikner

John -  
It has been a lot  
of fun in Health & P.E.  
this year, but just think  
our last year of P.E. I think  
goodness.  
Lots of luck  
Johnny Miller

John,  
I'm getting writers  
cramp so this is going  
to be short and sweet!  
Be good, but have fun  
this summer.

Maggie Estely

John  
It's been great  
knowing you this  
year. It's been fun  
flunking Geometry to-  
gether and getting  
thrown out of History.  
Maybe we'll have some  
classes together next year.

Lots of luck  
Joe McCarty

May Ace  
Have a lot of fun this  
summer + remember  
church doesn't hurt  
anybody. Hope we can  
see a lot of each other  
Your friend  
Gary Lambeth

DANA ROGERS, *editor*

BARBARA EVERMON, *associate editor*

John -  
Well, I was  
stuck with you  
again. That makes 2  
years now. Wonder  
about next year. You are  
a really neat guy and I'll  
remember you forever.

Loads of luck & love  
Karen  
"Jassie"

John,

It's been a real party  
being in English and History  
with you this year. You are  
really swell guy. I'll never  
forget your talks in English.

Lots of luck in  
all you do.

Dana Edwards

John -

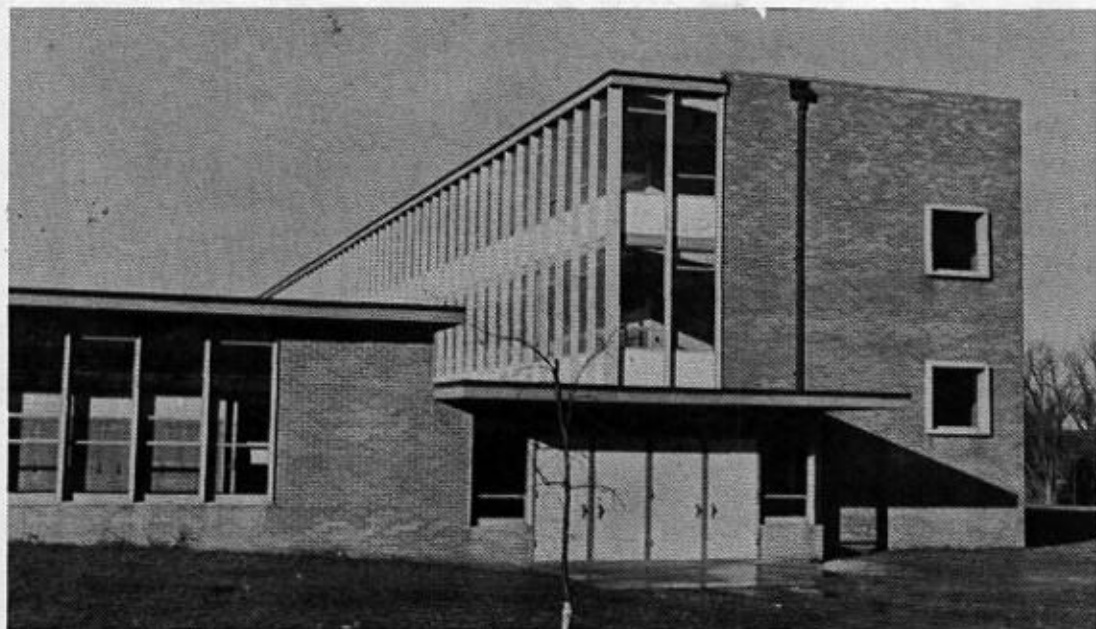

This year has been great! Too  
bad we haven't had any classes  
together but maybe we can next  
year. Have fun this summer &  
I'll see you on the ball field.

Best of luck always

Your friend,

Daniel Mager

P.S. Will try to get to the 'Y' too

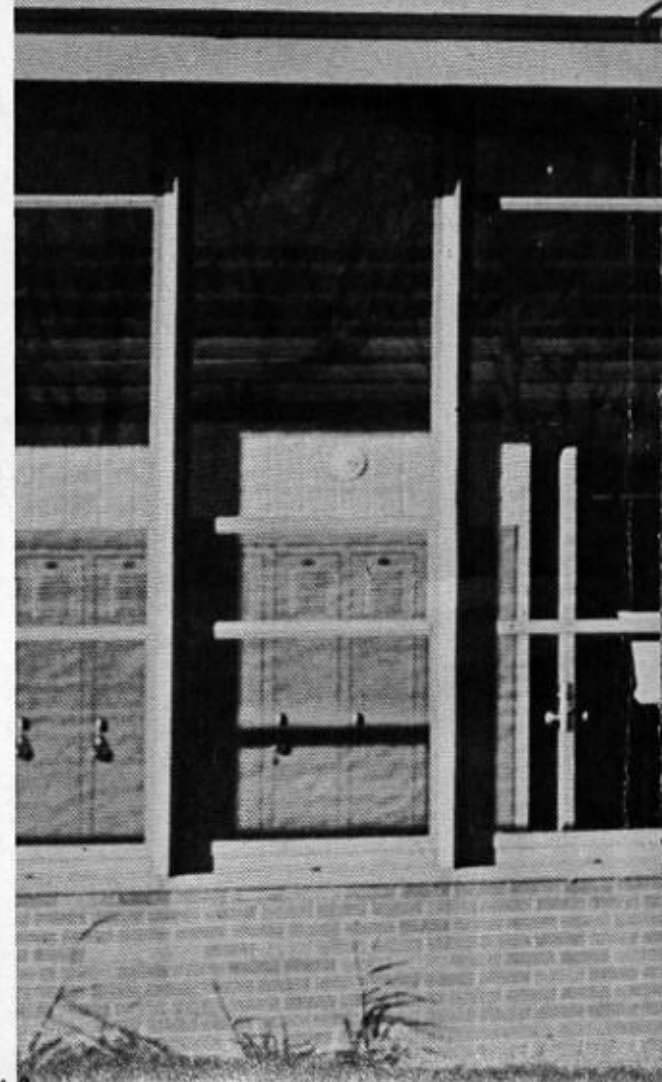

John -

It has really been a ball having  
you in class with me this year. I'm  
going to miss those crazy answers you  
gave in Chemistry. I want to wish  
you the best of luck as a senior and years  
to come.

Richard Covey

School can be a maze of halls or a pattern of  
classrooms, a sea of strangers or the faces of  
friends, a period of drudgery or the challenge of  
opportunity, an end in itself or the threshold of  
the future. It all depends on one's perspective.

In the 1961 Viking Log a new look is taken at  
Parkview's buildings, its faculty and students, and  
the activities of the year.

Long Halls . . .

J.F.K —

It's been a cool year, in  
more ways than one. I've  
really gotten a bang  
from your humorous  
type speeches in English.  
Best wishes to a great guy,

Randy Carter

Of Panelled Windows . . .

John,  
you are a good kid,  
and I am sure glad that  
you had Weston for a teacher  
he is a good kid too. I had been  
a great year & I hope to see you this  
summer

Rookie -  
 I have been  
 not being in your  
 class this year. - See  
 you later summer to a person  
 that I wish  
 to see

 Park

John,

It really has been great knowing you this year. I hope you have as much fun next year as I have had this year. Too bad you and Burge (Al) (50 pushups) couldn't ever beat us in basketball sixth hour. See you every Wednesday

Best of Luck Always  
to a really great guy  
Lobby Kobbermann

John,  
English has been fun, But history that's  
a different story. This year is almost over  
and next year **This Is Parkview**, we will all  
be seniors, I hope. Yes this is Parkview & I  
hope you will remember me as part  
of it. May God Bless and be with you  
always

Love ya.  
Patricia Frickenbinder

The faculty and administration reflect the high ideals of education by helping Parkview students become citizens who will safeguard, strengthen, and improve the democracy given to them.

In accordance with the ideals of their profession, they aid students in becoming competent in work habits, personally well adjusted, and proud of work well done.

John,  
Another year  
at Parkview's over. I  
hope we're in some  
classes together next  
year. Good Luck for the  
future to a Real Great  
Guy.  
Your Friend,

## ... Board Of Education Work For Youth

*Kore is Poor  
You've been more than  
I great fun this year  
you've been terrible, mean, sexy etc.  
Bad luck Kore*

The Board of Education has as its responsibility leadership in achieving the purposes of education in American democracy and service in seeing that the power of education is directed toward the training of competent citizens, that equal opportunity is available to all, that educational interests of all groups and classes are properly administered, that the social, emotional, physical and intellectual needs of the students are met, and that the educational program is

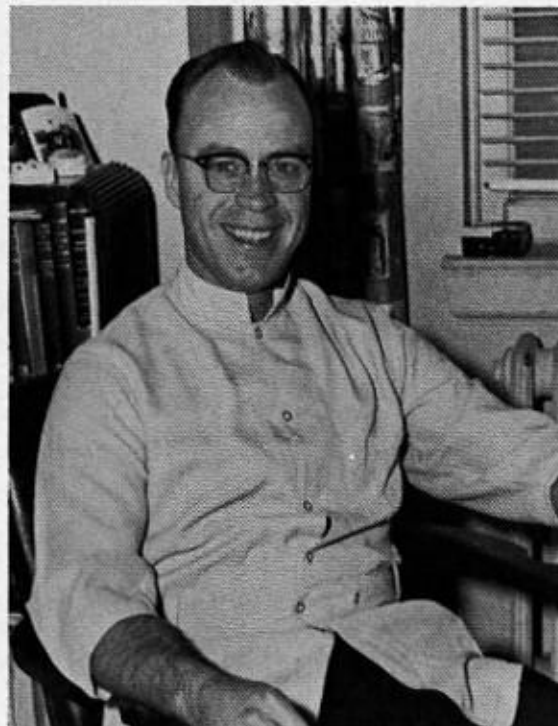

geared to meet the changing demands of American society.

The citizens of Springfield have elected to their school board men who have the vision to anticipate the needs of the schools and the practical judgment to cope with the constantly arising problems.

Out of their own busy lives, these men sacrifice time and energy to work in the interests of the community's youth.

# Principals And Counselors . . .

MR. HOMER KESTERSON

Principal

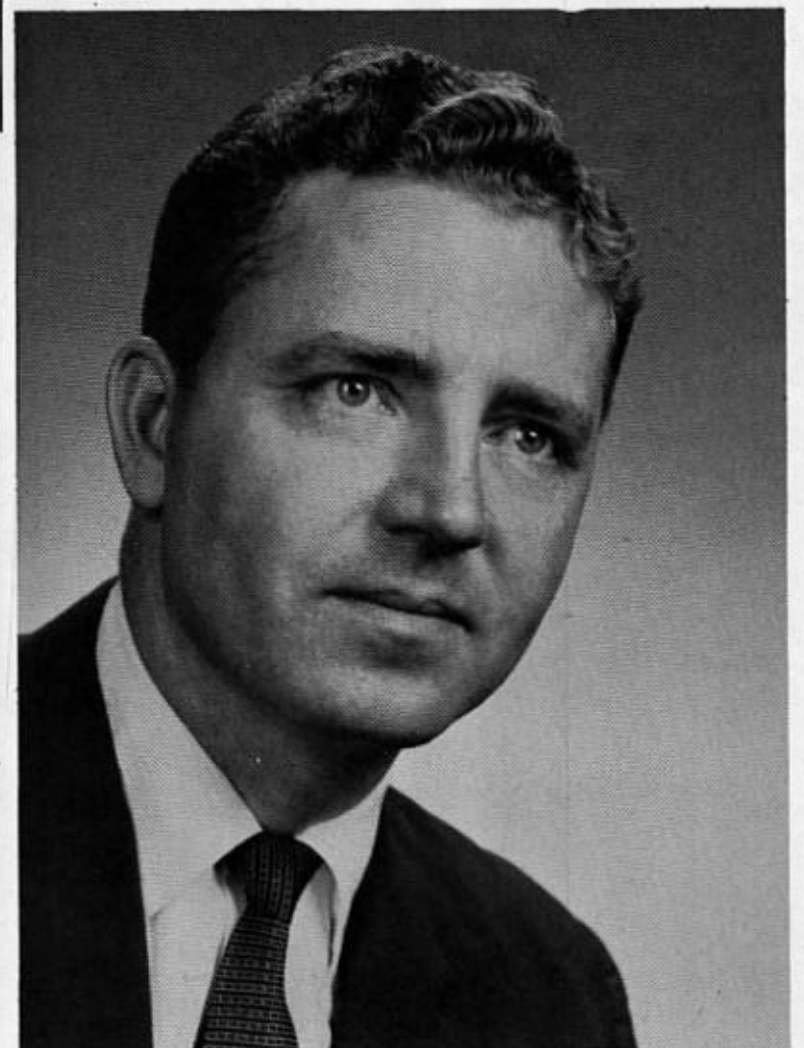

MR. JAMES FORD

Assistant Principal

The warmth of his understanding, the friendliness of his personality, the efficient administering of his position make Parkview's principal Homer Kesterson respected and loved by faculty and students.

To him and to Mr. James Ford, assistant principal, belongs much of the credit for Parkview's successful years.

*Steve Canaday*

# Guide Students In School Life.

WHERE TO GO . . . Anna Lou Shelton discusses college plans with Miss Lucille Dugan, senior counselor. Madeline Bartling, her office assistant, checks other college bulletins.

FOUR YEAR PLAN . . . Miss Lena Davidson, freshman counselor, helps Jim Blakeslee plan his high school program for the next three years.

Fred Balden  
Dean of Boys

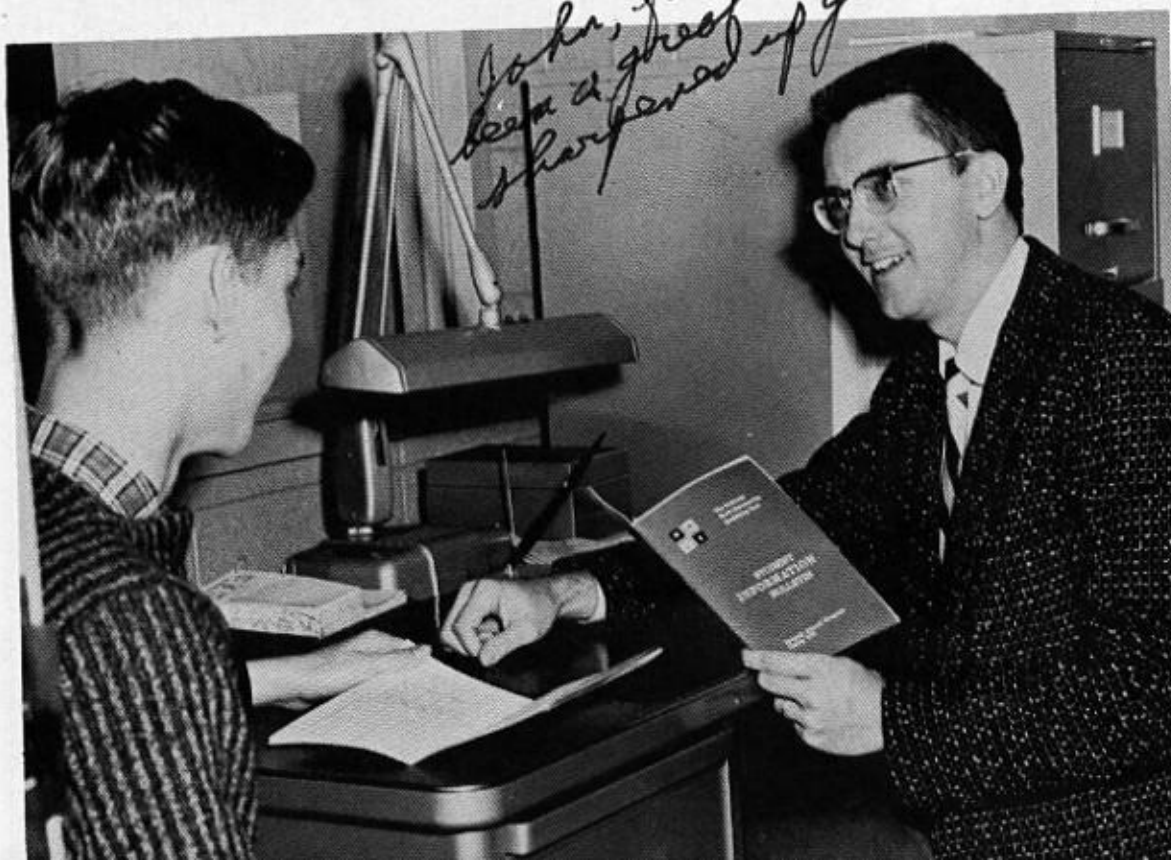

Lena Davison  
Dean of Girls

TAKE A LETTER . . . Mr. Fred Balden, sophomore counselor, dictates a letter to the parents of a PHS sophomore after checking his credits.

INFORMATION PLEASE . . . Mr. Robert Lewis, junior counselor, discusses with Stephen Gamble the areas covered in the National Merit Examination.

From whatever perspective Parkview's faculty is viewed—whether as professionally trained and skilled instructors or as the interested, helpful friends—its members meet high standards.

They contribute their share toward the friendly atmosphere that characterizes Parkview and give unsparingly of their abilities and energy to prepare their students to meet the demands of a highly competitive society.

**DIG IN . . .** Apparently unafraid of calories Mr. George Buckler, Mr. Edward Rykowski, and Principal Homer Kesterson help themselves to dessert. These desserts were only a small part of the variety of food available at the Parkview faculty picnic held in the PHS cafeteria.

NO ACTIVITY TICKET? . . . Despite appearances Dana Rogers, editor of the *Viking Log*; Barbara Evermon, associate editor; Gary Brazeal, business manager of the *High Times*; and an unidentified companion were not trying to crash the gate. Finding the stadium gate locked on a summer picture-taking expedition, the group made use of someone else's improvised entrance.

Throughout each school year many things are done by Parkview's Parent Teacher Association to help bring a closer relationship between the home and the school, to raise the standards of home life, to promote the welfare of youth in the home, the school, the church, and the community, and to secure adequate laws for the care and protection of children and youth.

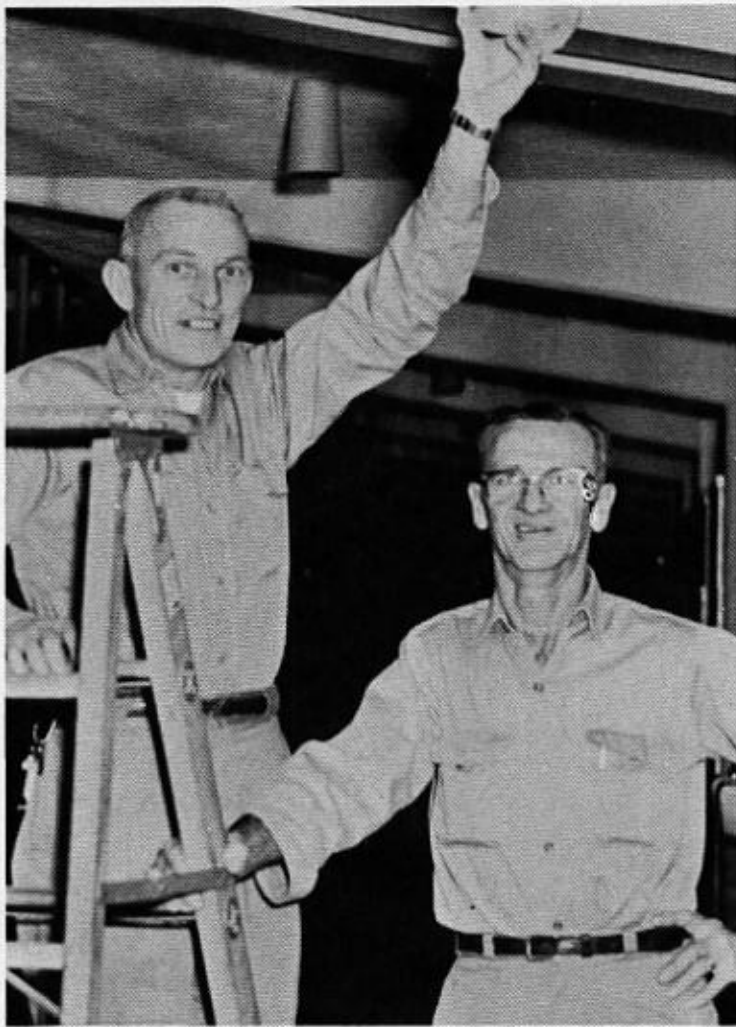

The PTA also supports school functions and activities in order to bring closer relationships between all of the teachers and parents.

PTA EXECUTIVE BOARD . . . Mr. Homer Kesterson, second vice president; Mrs. Lewis Scharpf, first vice president; Mrs. Ben Fielder, president; Mrs. John Lurvey, secretary; and Mrs. Max Chalmers, treasurer.

From quiet to bustle—  
The lonely books keep silent  
sentry in the hall devoid  
of shuffling feet.  
They await the bell which will  
release the sound of  
familiar voices and laughter  
accompanying the hurrying  
of the students as  
they again change classes in the  
day's busy routine.

# THE CLASSES

# Graduates Of Parkview's . . .

AT THE TOP . . . Leading the senior class in a full and rewarding year were the senior class officers: Pam Overturff, secretary; Dan Seaman, president; and Linda Lomax, vice president.

Crossing one high peak in their lives is the senior class as they, for the last time, go through the doors of Parkview to face a whole new world.

Looking back they find that the halls, and the school itself, hold many memories. They remember the gab sessions in the Student Center, the joy of meeting new friends, the excitement of the senior prom, and the pride of walking the halls with that certain someone.

But looking back is set aside, and these new citizens of the world look to their future and prepare to overcome problems they will meet and to accept cheerfully the joys they will have with this new perspective of life.

As Parkview juniors of '61 look back, they proudly think of the competition of their third year, and remember the thrill of being upperclassmen. But, still they look forward to next year and the climax of their high school days.

They too, like the seniors, look to the future and gain a new perspective of events that will occur and roads they will have to travel.

NEXT IN LINE . . . Heading the junior class are Larry Wallis, vice president, Lyn Johnson, secretary, and Rusty Burton, president.

Completing one half of their high school years is the sophomore class of Parkview.

They have added many memories to their life from this second year. They have met with new experiences such as driving and have renewed old friendships of the previous year.

In the sophomore's future are many new and exciting events which are to happen in their upperclass years of high school.

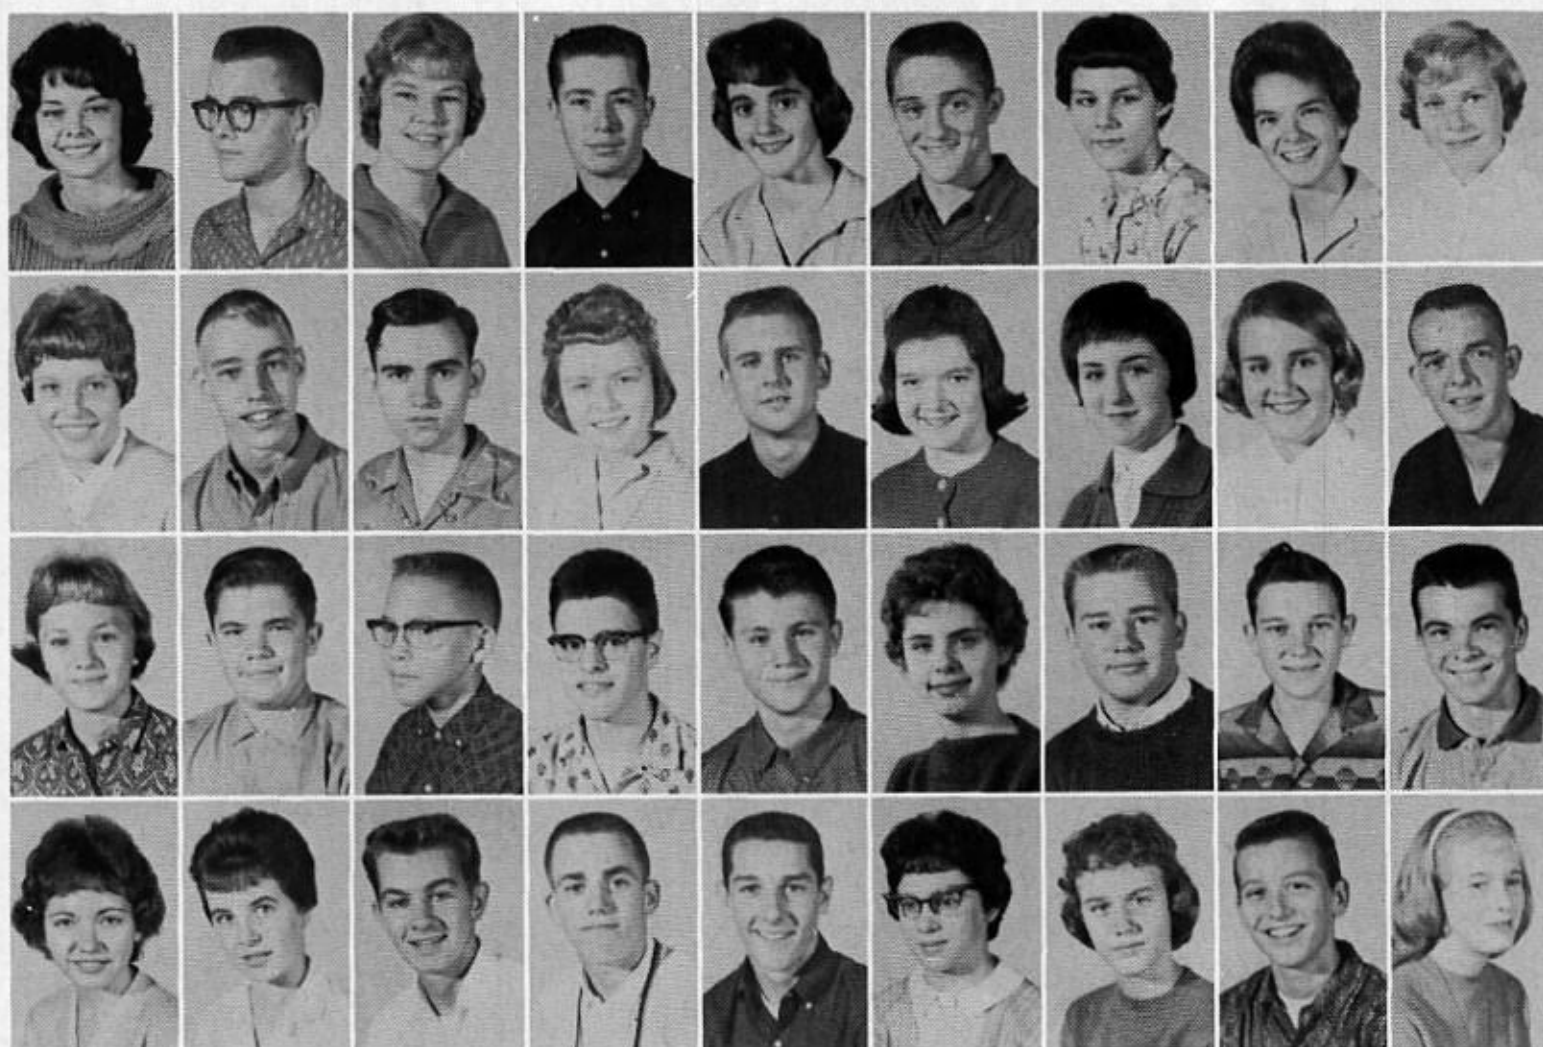

TIME OUT . . . Commanding the class of '63 through its sophomore year are Susan Langston, secretary; Ryan Galli, vice president; and Dick Anderson, president.

As the freshmen leave the halls of Parkview never to return as freshmen again, but as sophomores, they think of many things.

They recall their first day as freshmen of Parkview, the many strangers, and the new personalities they were to meet throughout the year. But then they smile as they say good-bye to these new friends who were once those strangers and feel proud that they have conquered successfully the trials and adjustments of being a freshman.

Looking ahead, they see many thrills and happy events in the years of high school they have yet to face.

NEW ADDITIONS . . . Guiding the freshmen through their first year at Parkview were the officers elected in the fall. Standing by Parkview's new staff directory are Kenny Misemer, president; Nancy Woolsey, secretary; and Jim McAlear, vice president.

John -

This year has been great! — *Everything*  
class with you in English — *And everything*  
maybe my English hasn't improved but I have  
had a lot of fun. You're a real guy and I  
hope to see you this summer. Lots of Luck!

Love Ya!

Paulette Jiles

Alpha Tau Phi  
president '61-'62

Promotion of individual development,  
preparation of the individual  
for parenthood and family life,  
development and cultivation of desirable  
human relationships, and preparation  
of the individual so that he  
may discharge his civic  
responsibilities intelligently  
are the ultimate goals of all  
classroom activity.

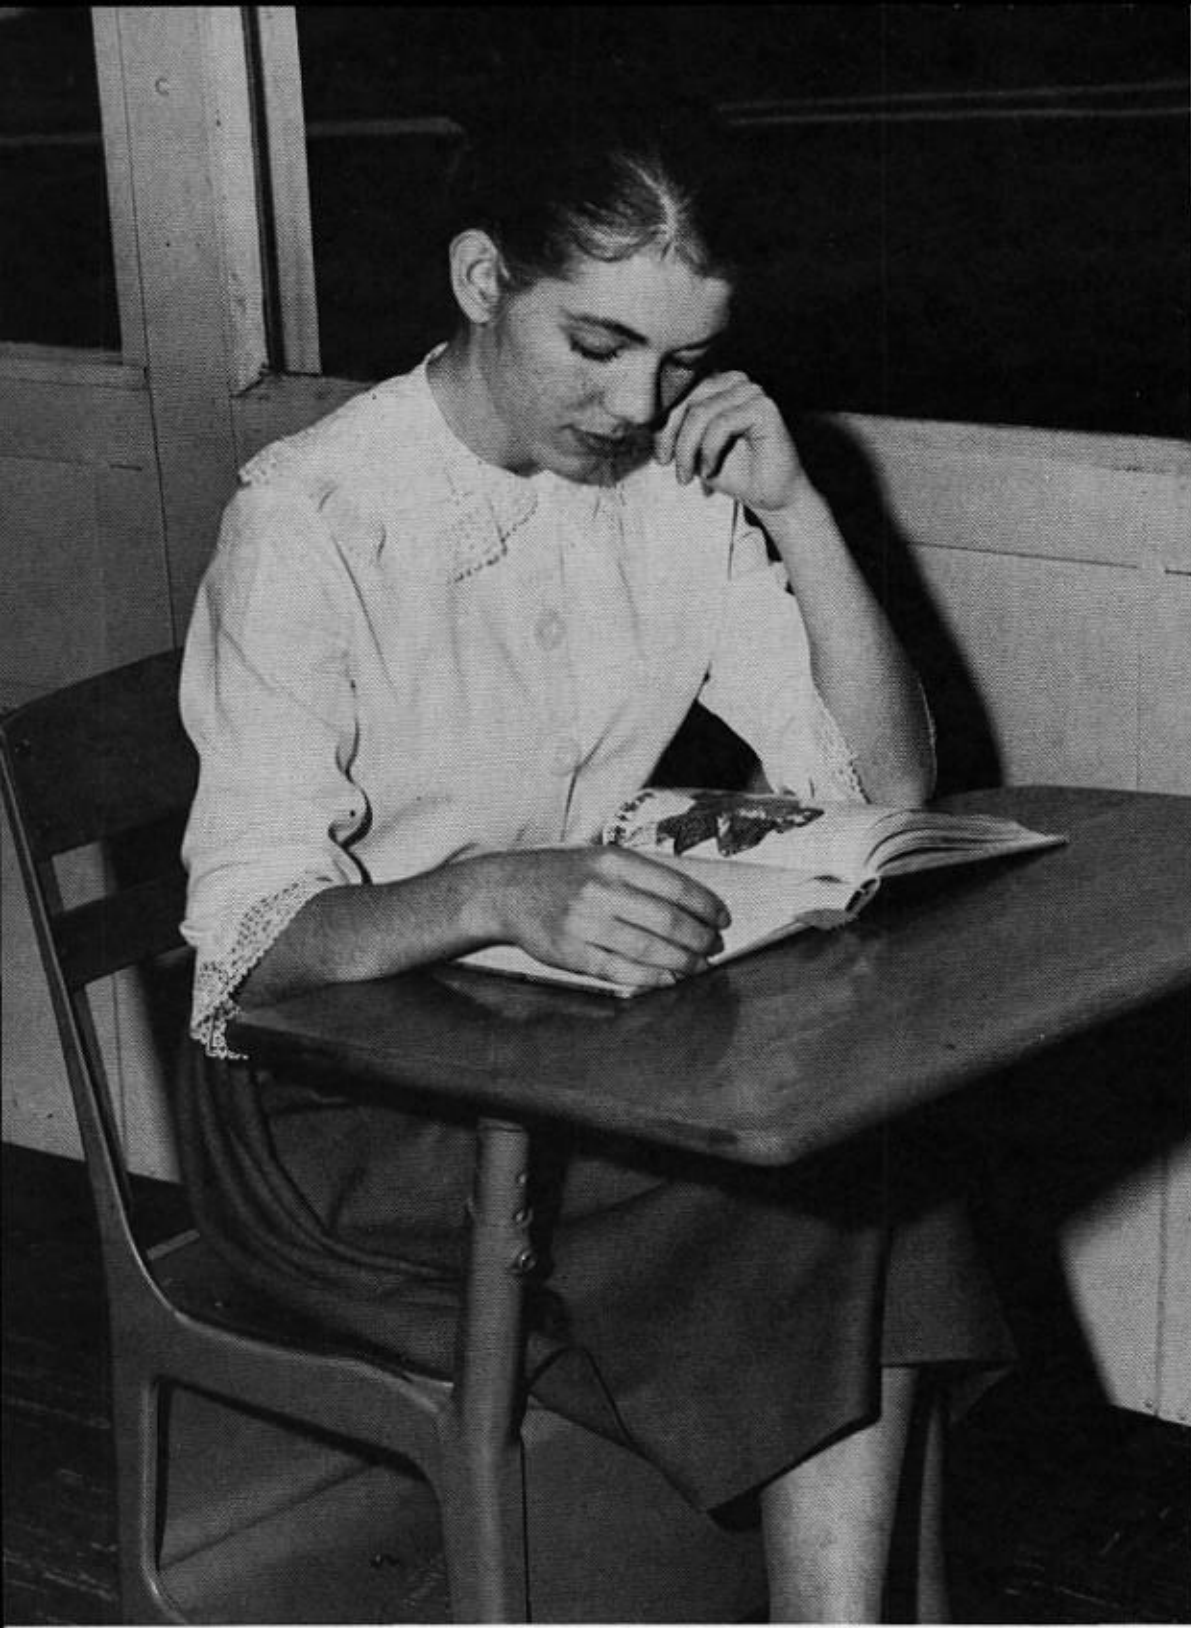

John. although I knew you before this year it's given  
me a chance to know you better having Geometry together.  
It looks like with a little struggle we finally made it.  
You are a good guy and I hope our friendship will  
continue all through Parkview. Lots of luck,  
Grace Ann

## EDUCATION

## Essentials . . .

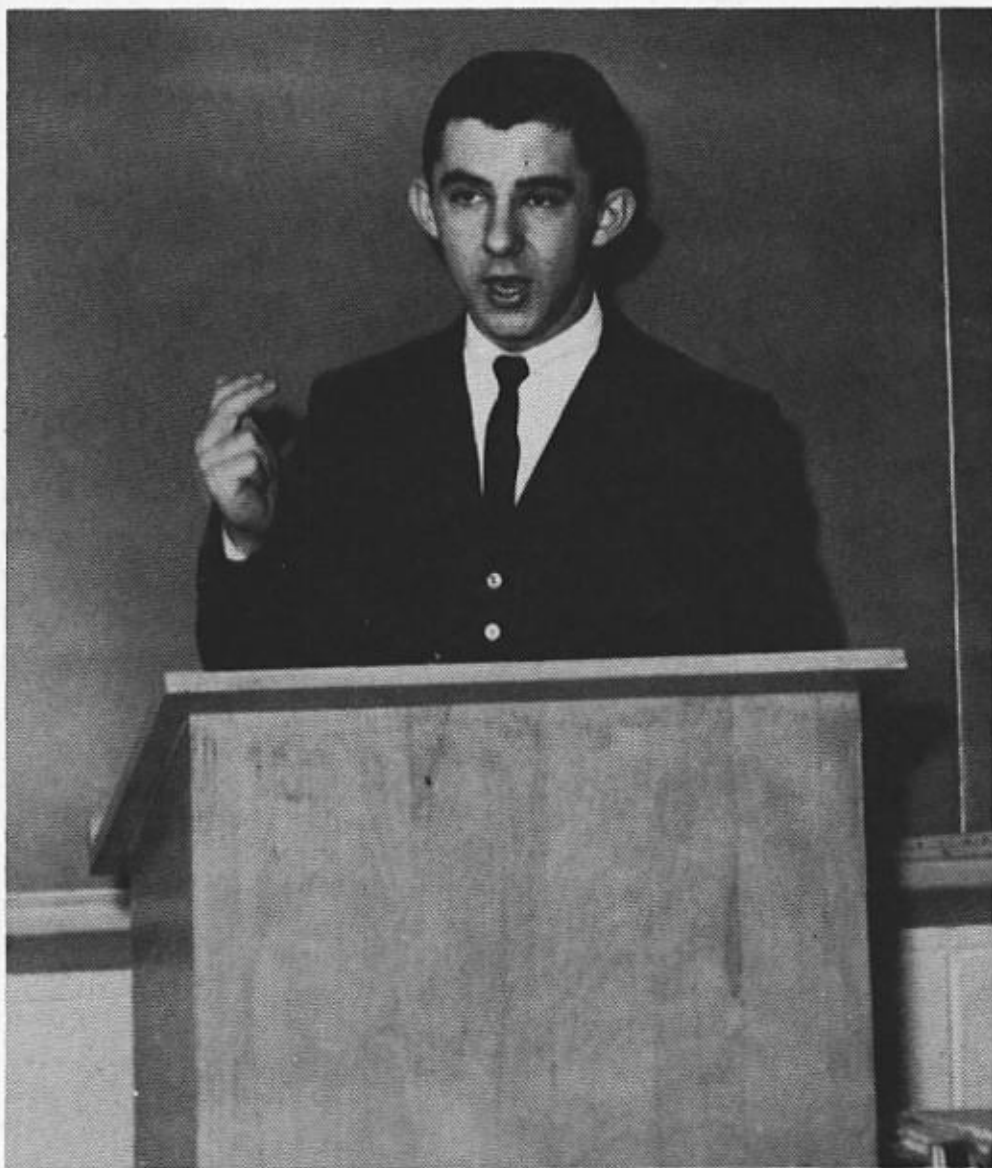

**REFLECTION FROM LITERATURE . . .** Mary Harvey in her study of English literature shares the experiences of others, communicated through the written word to the reader, across the wide expanse of time.

**ACCURATE, CONCISE EXPRESSION . . .** Jeanne McDougal, Terry Frink, Susan Abbott, Nancy Newhard, Margie Rush, and Pat Crawford as student journalists represent the writing experiences shared by all students in the language arts program as they report the ideas and actions of others in the news area and express themselves through feature.

# In This Age Are Communication, . . .

IT SEEMS TO ME . . . Don Cooley gives his ideas emphasis in both oratory and debate. Through public speaking classes, students receive special training in oral communication.

To think clearly and honestly, to read thoughtfully, to communicate effectively, and to listen intelligently are basic to the maintaining of democratic ways of living.

The language arts program helps the student develop these skills by providing experiences which make it possible for him to gain understanding through the reflection of human experiences found in literature, to learn to report accurately and concisely, and to express his own ideas through writing and speaking.

LITTLE ANGELS . . . Communicating through dramatic interpretation Peggy Bennett, Sue Bain, Ann Stahl, and Carol Clark portray the children's chorus singing "Away in a Manger."

# Knowledge Of Social Change, . . .

**SEMESTER PROJECT . . .** As a semester project in her world history class, Alice Jo Emlet made a comprehensive study of medicine. Original sketches in color were used throughout the report to illustrate. Semester projects are used throughout the social studies department to give students a sense of the continuity in mankind's history and experience in research.

**FERRETING FEMMES . . .** Janis Mathe-  
ney and Gail Pettis dig through the card  
index for material for their report con-  
trasting matriarchal and patriarchal cul-  
tures for their sociology class.

Social studies helps to develop skills in gathering, evaluating, and interpreting information relative to man and his social, economic, and political relationships; to foster the understanding of the problems of the present through knowledge of the past; and to encourage an awareness of and an interest in the rights and duties of citizens in a democracy.

Through the social studies program, students are encouraged to become active participants in civic affairs and to understand and accept America's responsibility in today's world.

# Understanding Of Other Cultures, . . .

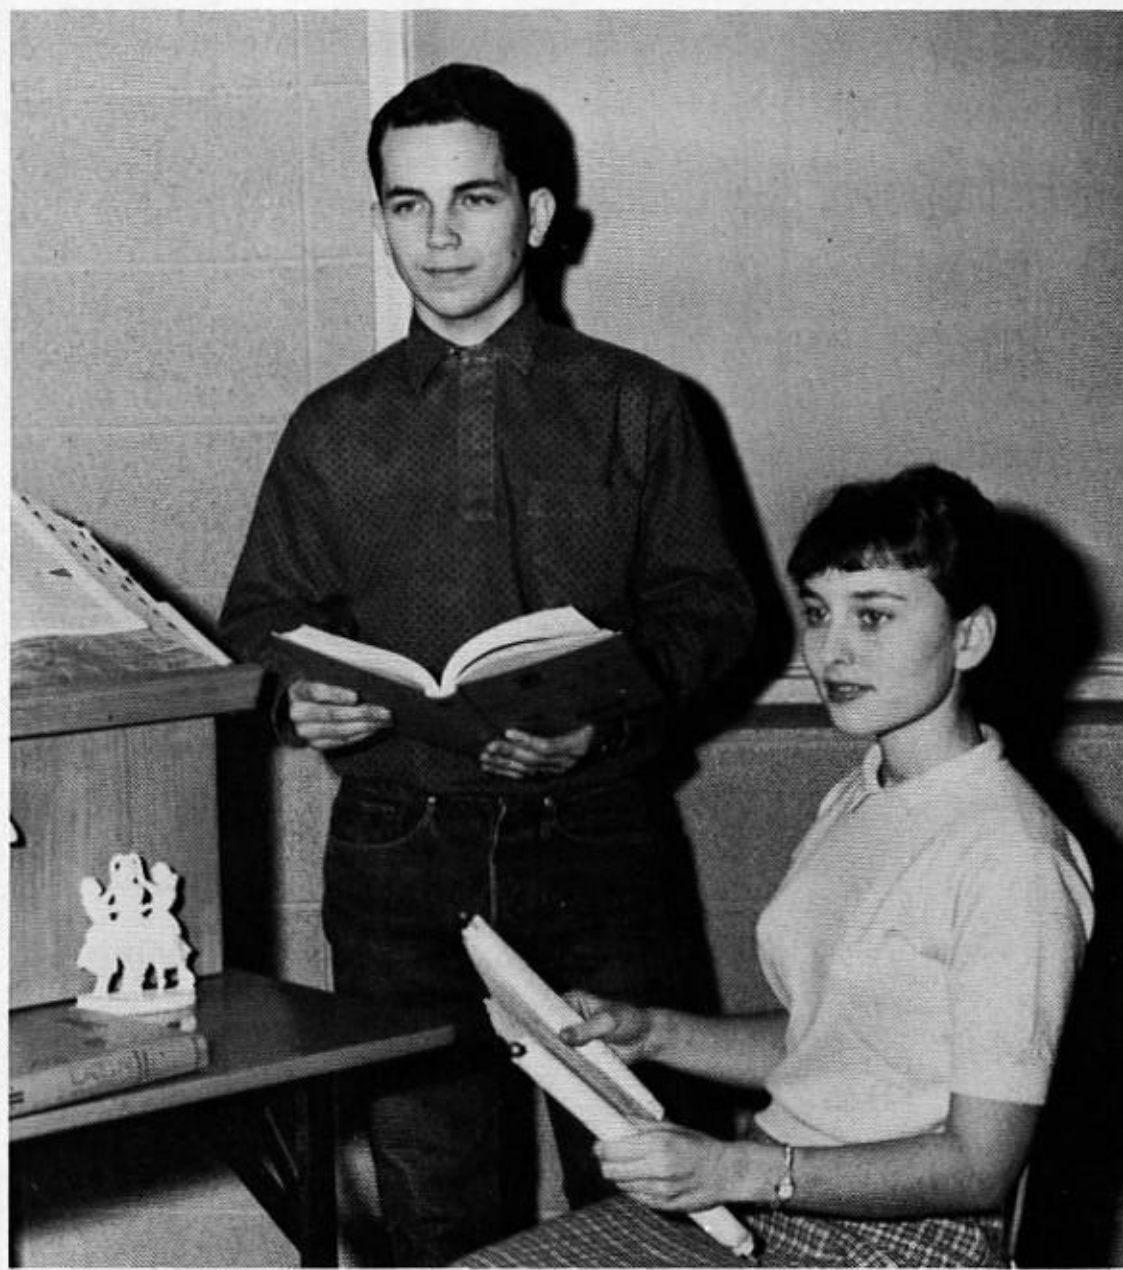

**THE GLORY OF ANCIENT ROME . . .** Garry Westfall and Pat Enslen read the myths, the history, and the literature of Rome in their advanced Latin class. Many Parkview students select two years of Latin as their foreign language study. Others, after a foundation of Latin, go into the study of one of the modern foreign languages.

America, in its position of leadership in world affairs, needs many of its citizens to be linguistically equipped and psychologically prepared to meet with people of other nations and to communicate with them in their own speech.

In the study of the modern languages, skills of understanding, speaking, reading for comprehension, and writing are developed.

Through the study of foreign languages, both modern and classical, students gain in understanding and appreciation of other people's history and culture.

The language program in the high schools also furnishes a background needed for study in many professions.

**EN FRANÇAIS . . .** Gary Wright, Marjorie Scharpf, and Wayne Davison, members of Parkview's first third-year French class, seek to improve their conversational ability through the use of the various aids provided through the National Defense Act. French and Spanish classes received recorders, record players, records, and magazines under provisions of the act. Two years of Spanish and three years of French afford students an opportunity for proficiency in the languages.

# Progress In The Field . . .

**THEN IT DISAPPEARS . . .** In one of the chemistry classes Jack Stone is showing Mike O'Neal and Susan Rushing how the process of evaporation works.

**WHEEL WITH A WHEEL . . .** Wayne McFerron is demonstrating the force of inertia and Newton's Third Law of Motion. He is standing on a rotational platform and holding a bicycle wheel gyroscope.

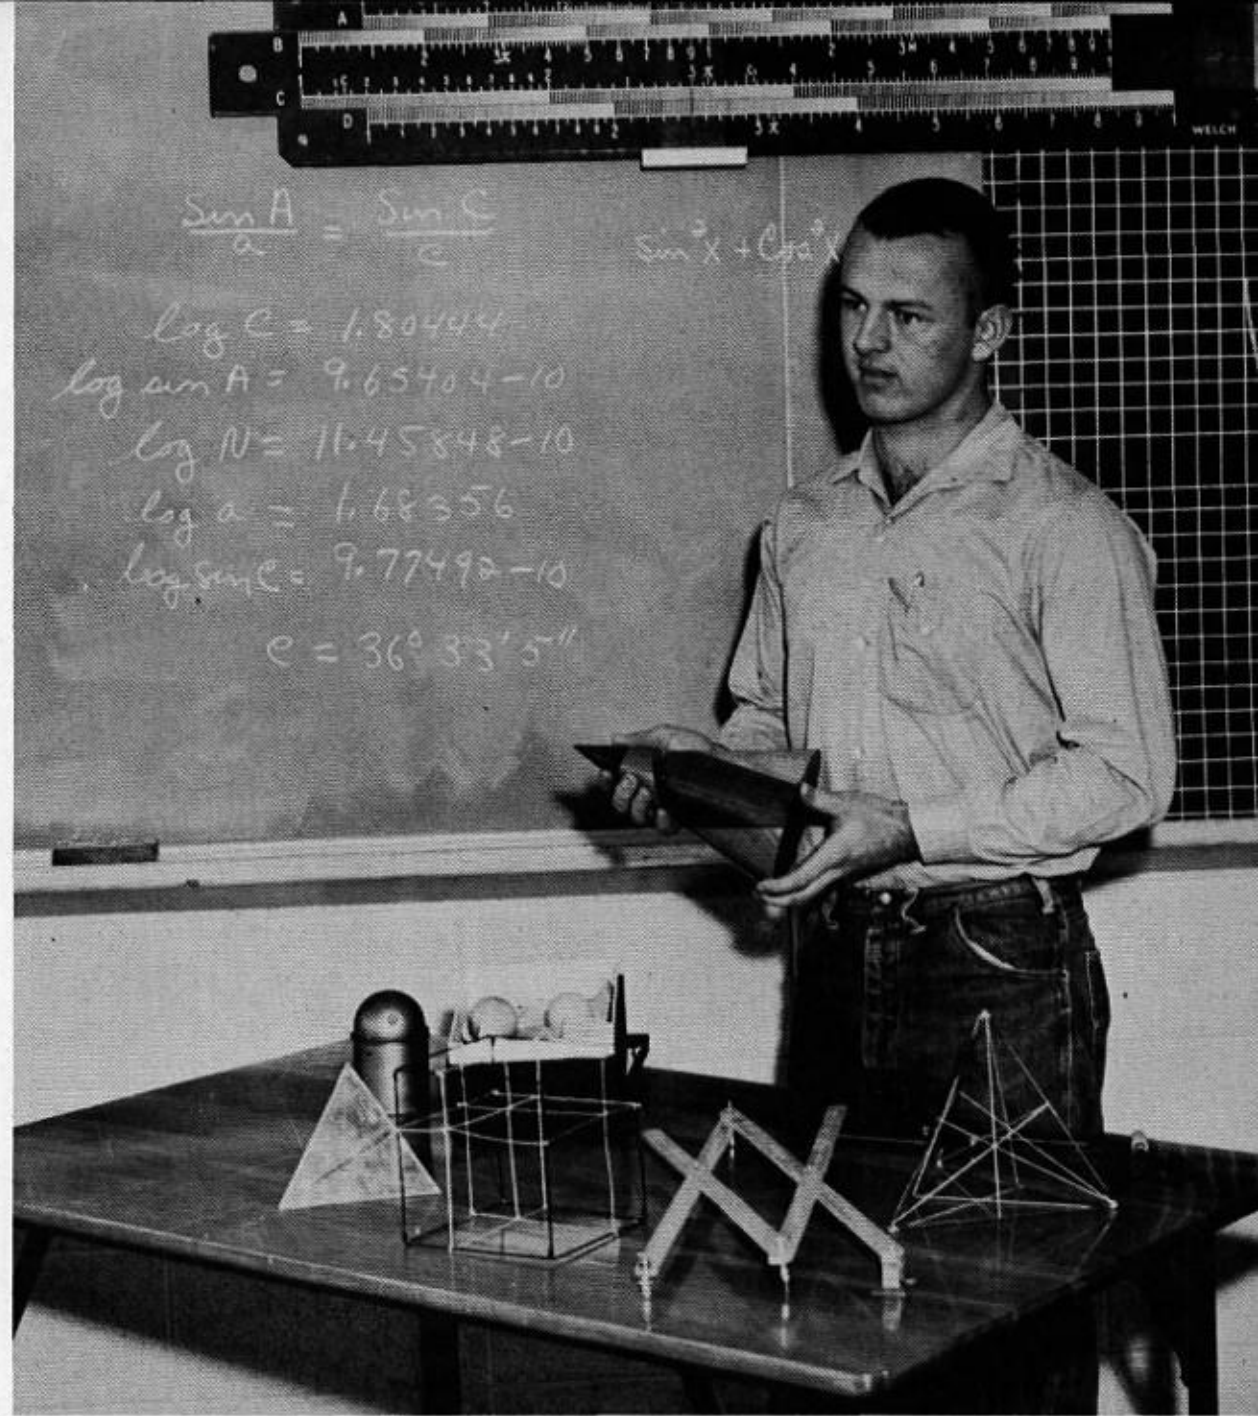

# Of Science, . . .

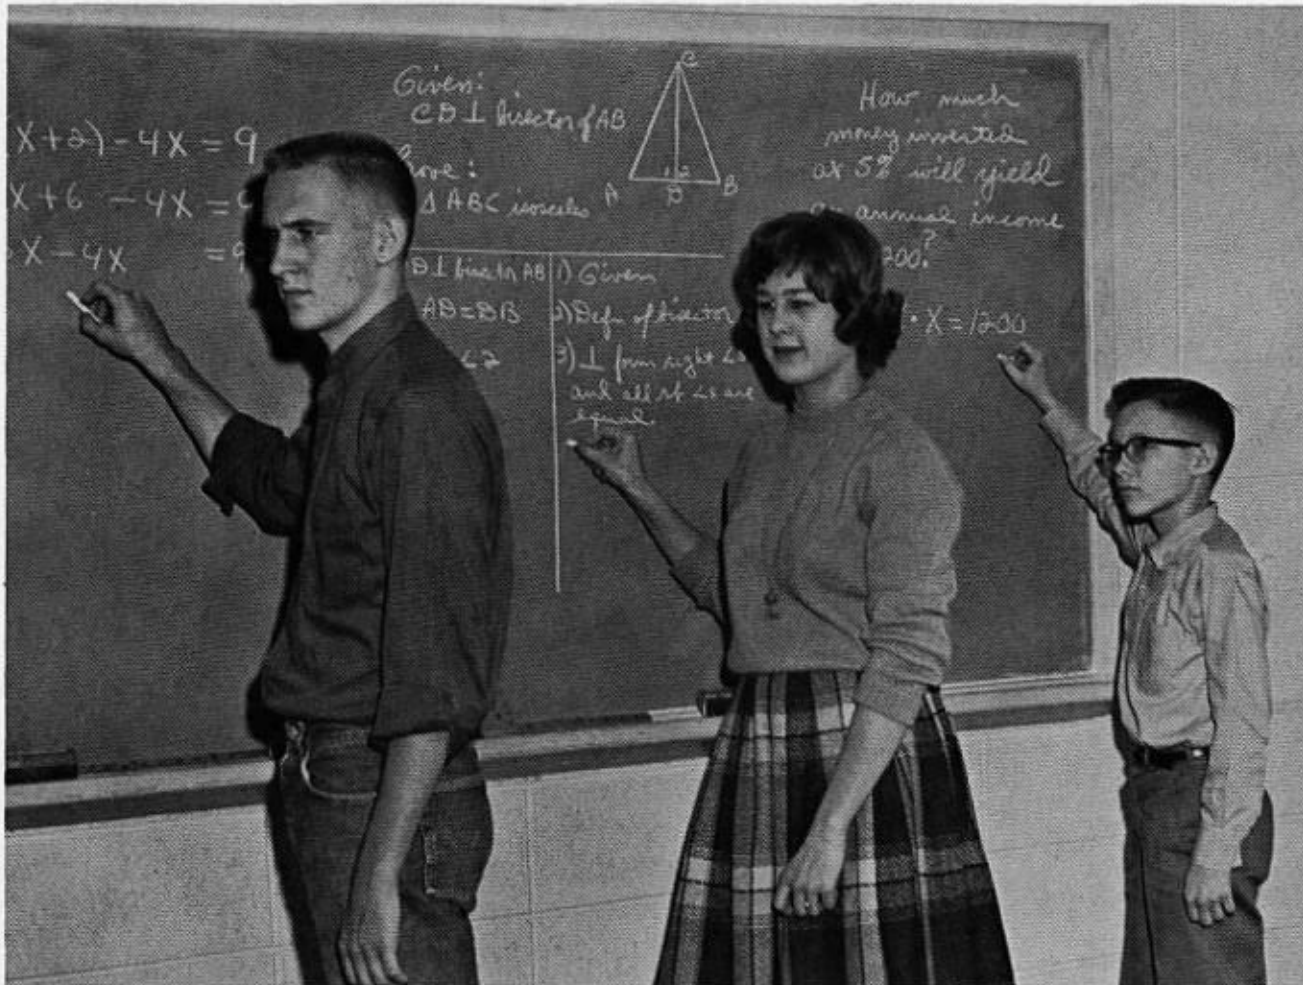

The science program is designed to present basic scientific knowledge needed for adjustment to a scientific age and to furnish a background for further study in a general college education.

The mathematics program gives training in the basic skills in dealing in numbers needed in every day living and helps develop logical and analytical reasoning.

Advance courses in science and mathematics provide the foundation of study needed by those interested in careers in the field of science.

ANY ANSWERS? . . . Jim Sparks turns his back on a problem in trigonometry to face a problem of solid geometry and an array of geometric figures.

BUSY BRAINS . . . Rodney Johnson works on an algebraic equation; Sandy James tackles a problem in plane geometry; and Del Steinhoff works in general mathematics.

## Preparation For . . .

Through the study of foods and nutrition, clothing, and home management, girls are given an opportunity to develop skills of practical value in their preparation for motherhood and a happy family life.

Advanced study in both areas of home economics is offered to students desiring a higher degree of proficiency or a background for further training toward career work in the field.

**A MOMENT OF REFLECTION . . .** Judy Gregory pauses to check the lines of her party dress. From an original design, Judy fashioned her gown of shimmering white brocade.

**PLAY PARTY . . .** Pam Overturf and Linda Lomax play hostess to a crowd of small fry. Games, paper, and crayons in the hands of their young guests made a gay afternoon for the members of the Home Economics IV class.

# Family Life, Economic Efficiency, . . .

**BUSY HANDS . . .** Working with the voice writing machine in the business department is Donna Bonner, transcribing, and Shirley Chestnut, recording. Rexeane Jones is typing a letter.

**KEEPING POSTED . . .** Richard Baxter works at a posting machine as Jerry Bowman shows him a ledger. The posting machine is designed to handle both accounts receivable and payable.

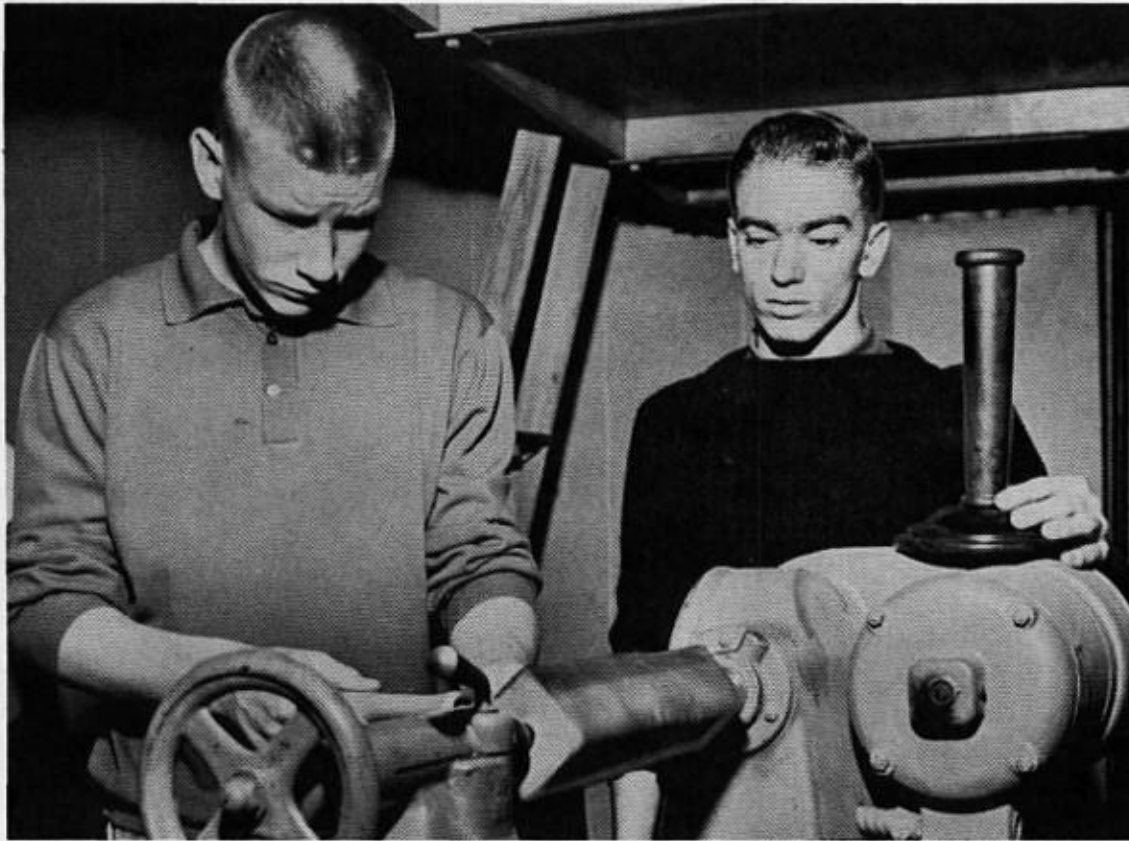

The complexities of the business world today accentuate the need for economic competency and consumer education. Through business education pupils are provided opportunities to study organization and operation of business in relation to the democratic form of government, to develop personal skills, and to gain better training for their chosen vocation.

Students are also given an opportunity to learn the use and operation of machines used in the business field.

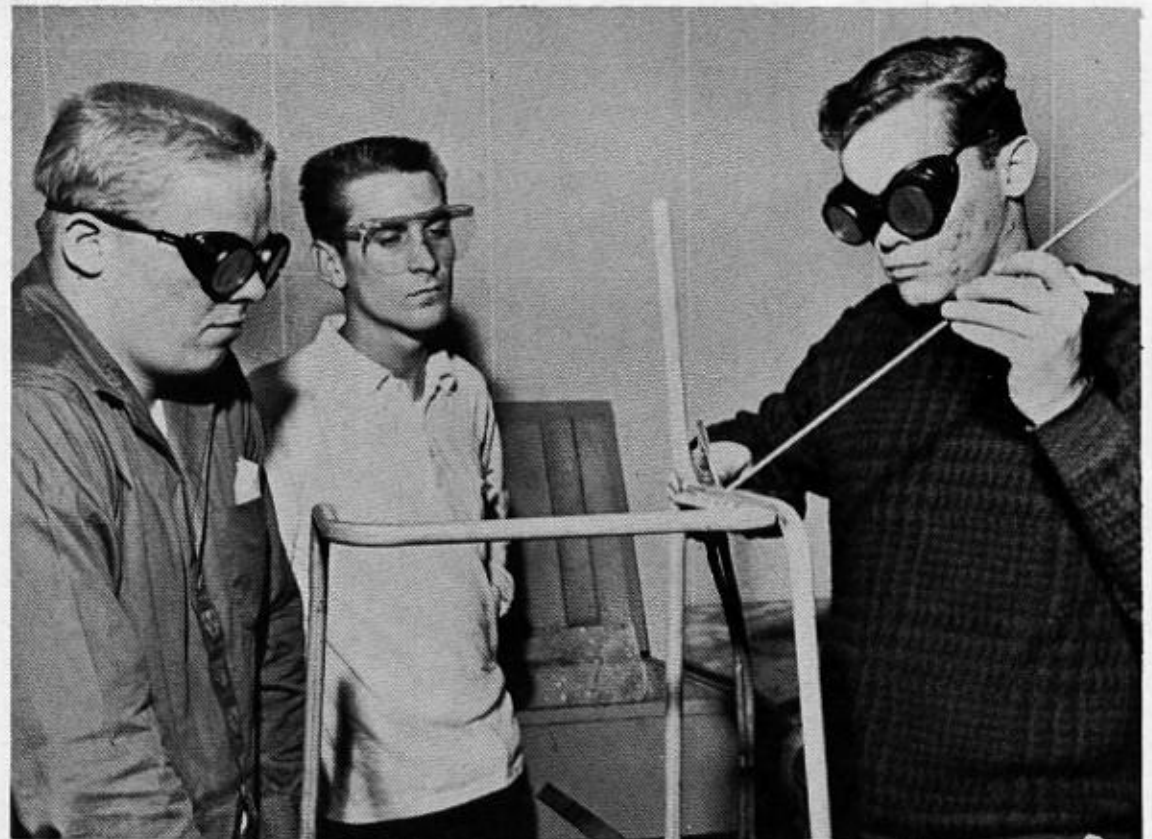

# Technical Skills . . .

**BUSY HANDS . . .** Bill Dawson works on a lamp at the lathe while James French watches. In both beginning and advanced woodwork, students make many useful objects, from bookends to full sets of furniture.

**HANDLE WITH CARE . . .** Larry Carter and John Slentz watch Lyle Payne brazing, a type of welding. Lyle is making the metal frame for a chair.

**GANG WAY . . .** A highlight in the sophomore year is learning to drive. Lynn Lieback and Herbert Wendt take command behind the wheel of a drive-o-trainer unit.

# To Put To Practical Use, . . .

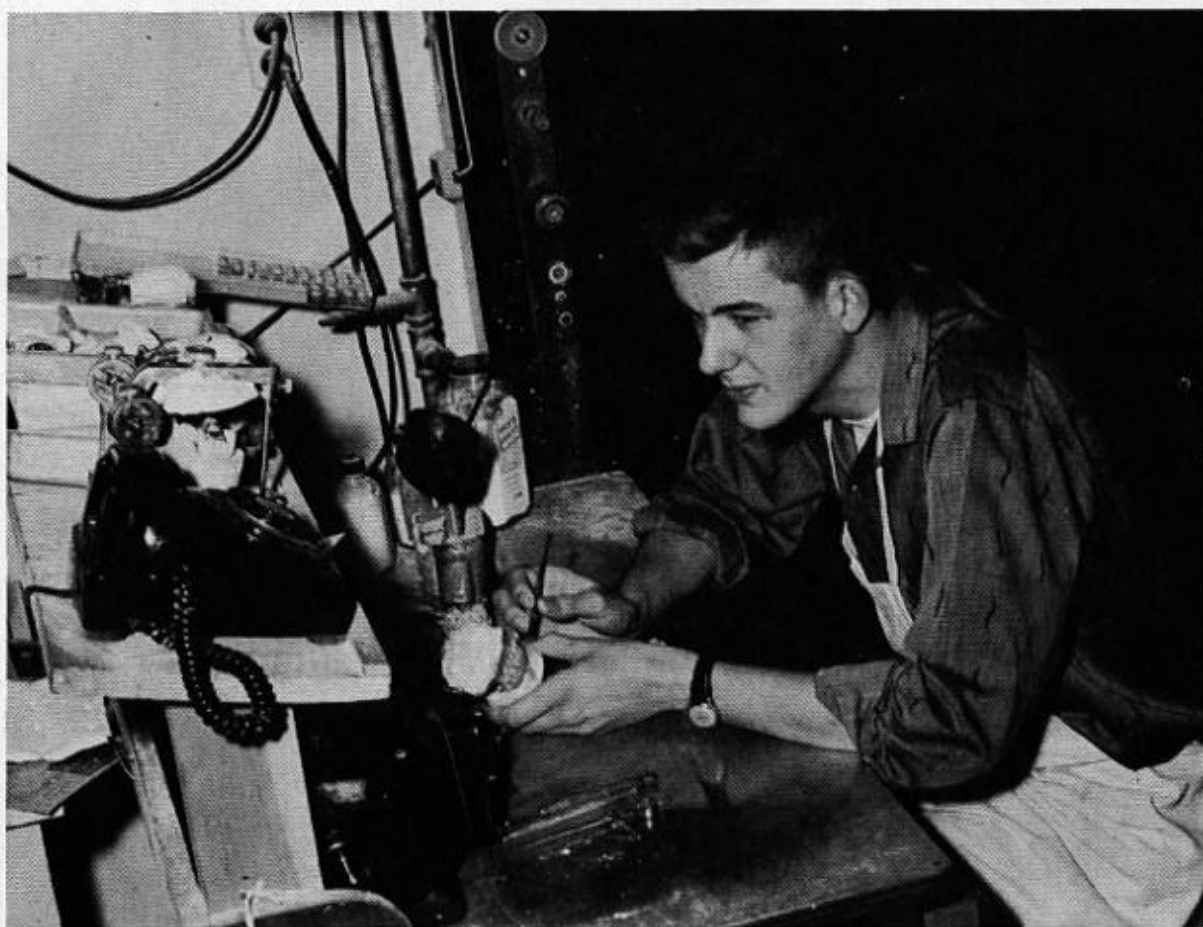

**BAKE A PLATE . . .** Elizabeth Dilport in her on-the-job training part of COE packs a kiln with pottery in a ceramic shop. The pottery is fired in the kiln to produce a glazed surface.

Hands as well as minds are trained in the industrial arts program which includes woodwork, metalwork, electricity, and drafting on beginning and advanced levels.

Drivers' education is a required course usually taken during the sophomore year. It not only gives the students instruction in the skills needed to operate a car, but also offers basic knowledge of the car's mechanism, the traffic laws, and first aid.

In Cooperative-Occupational Education, students combine class instruction with the practical experience of on-the-job training. Instructed in the principles of economics in a free-enterprise system, in good business practices, and correct parliamentary procedure, the students work in a variety of occupations ranging from agriculture to ceramics.

**LOOK, MA, NO CAVITIES . . .** Jon Warren is polishing a set of false teeth at his job in a dental laboratory.

# Vocational Technical School . . .

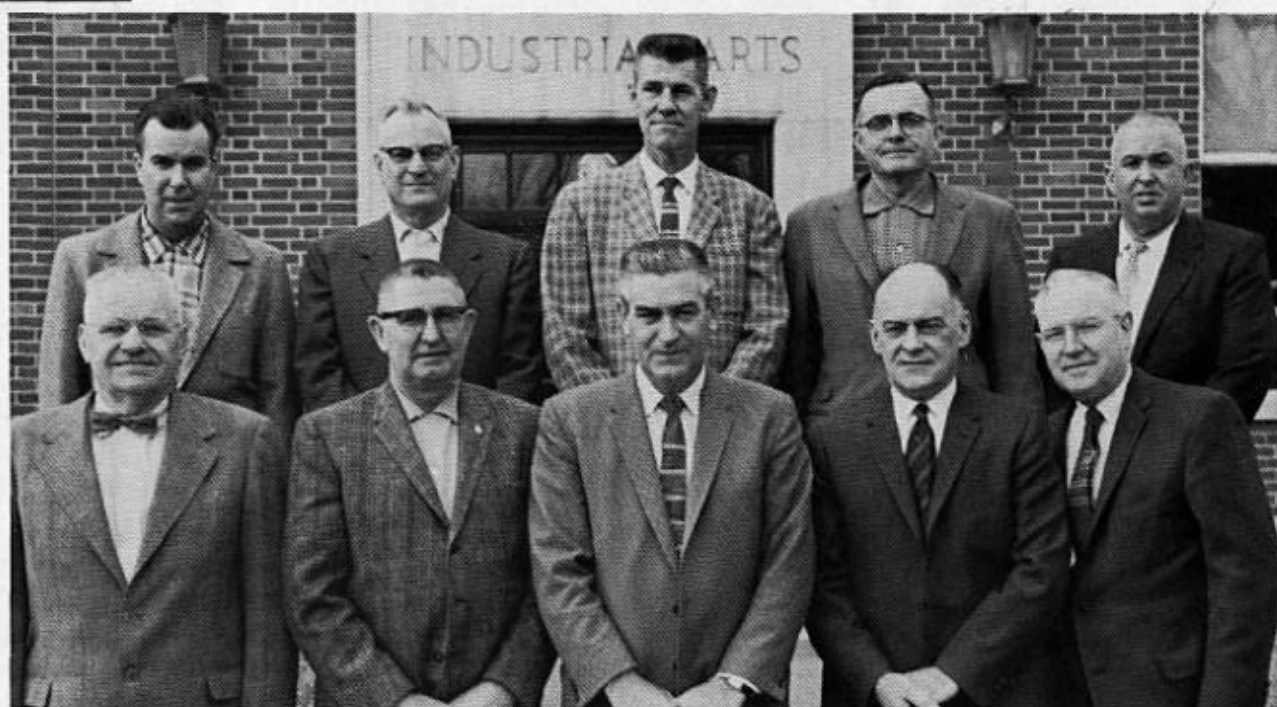

The purposes of vocational-technical education are to assist youth, while still in school, in selecting occupations in the trade, technical, or service field or work; to provide training of less than college grade, preparatory to employment; and to assist those so prepared in obtaining employment in the occupation in which training has been given.

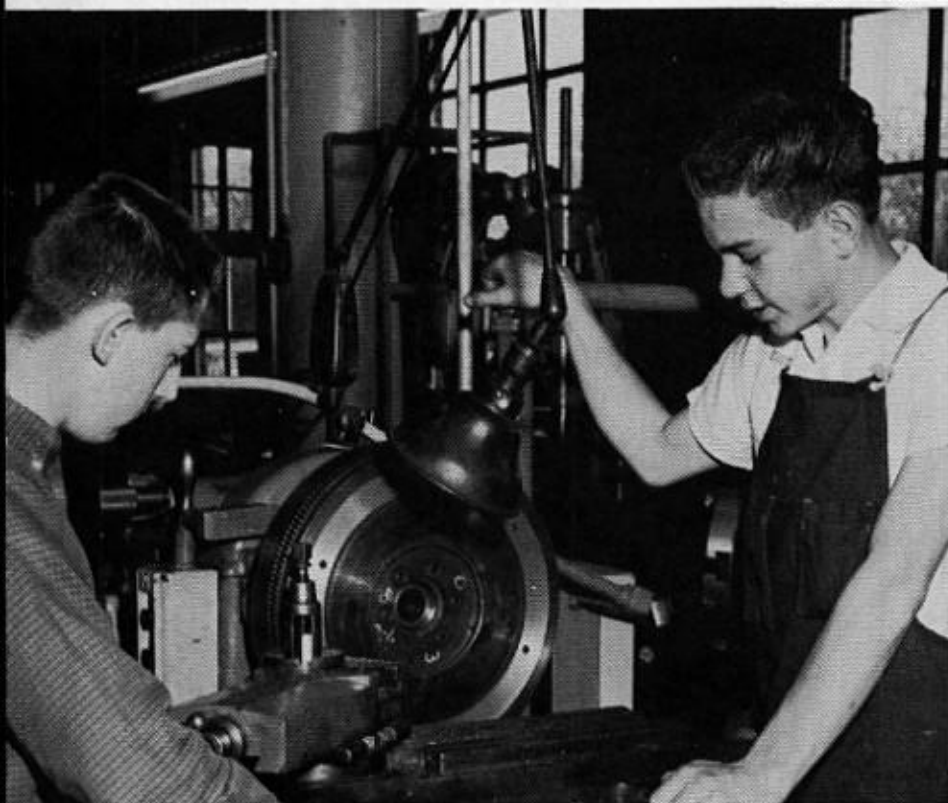

The trade and technical courses are conducted on a three-hour per day basis. During the half-day period, students are given practical training in the trade of their choice as well as related and technical knowledge involved in this trade. The school was set up as a combined training center for all public high schools.

**YOU TAKE A LITTLE BIT OF METAL AND A LOT OF HEAT . . .** Bob Cotton uses this method as he welds an overhead position in a practice fillet in Mr. Otis Letterman's vocational welding class.

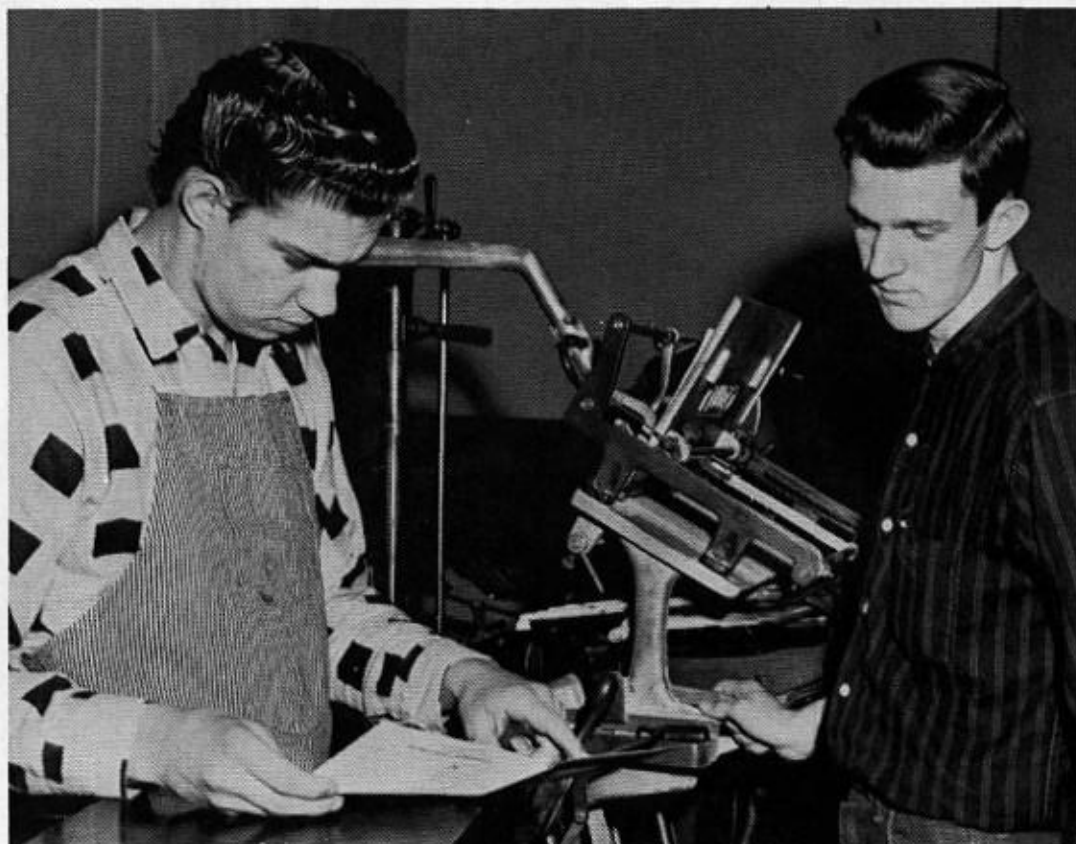

**VOCATIONAL TECHNICAL INSTRUCTORS . . .** *Front Row:* Herbert Stratton, vocational machine shop; John Kirby, vocational agriculture; Sherman Bradley, vocational sheet metal; Paul O'Neill, vocational printing; Chester Erickson, technical drafting. *Back Row:* George Freeze, vocational automechanics; Bert Stainbrook, vocational electronics; David Berryman, director of vocational and industrial education; A. R. Cade, vocational woodworking; and Otis Letterman, vocational welding.

**HOT OFF THE PRESSES . . .** Eddie James and Charles Goss examine a press proof in Mr. Paul O'Neill's printing class. The print shop prints most of the absence slips, passes, and other forms for the public schools.

**COULD YOU TAKE OFF ANOTHER 1/32?** . . . Gary Kilgore and Gary Bollinger face off a flywheel as one of the class projects in Mr. Herbert Stratton's vocational machine shop. This is just one example of the practical applications work done in the classes.

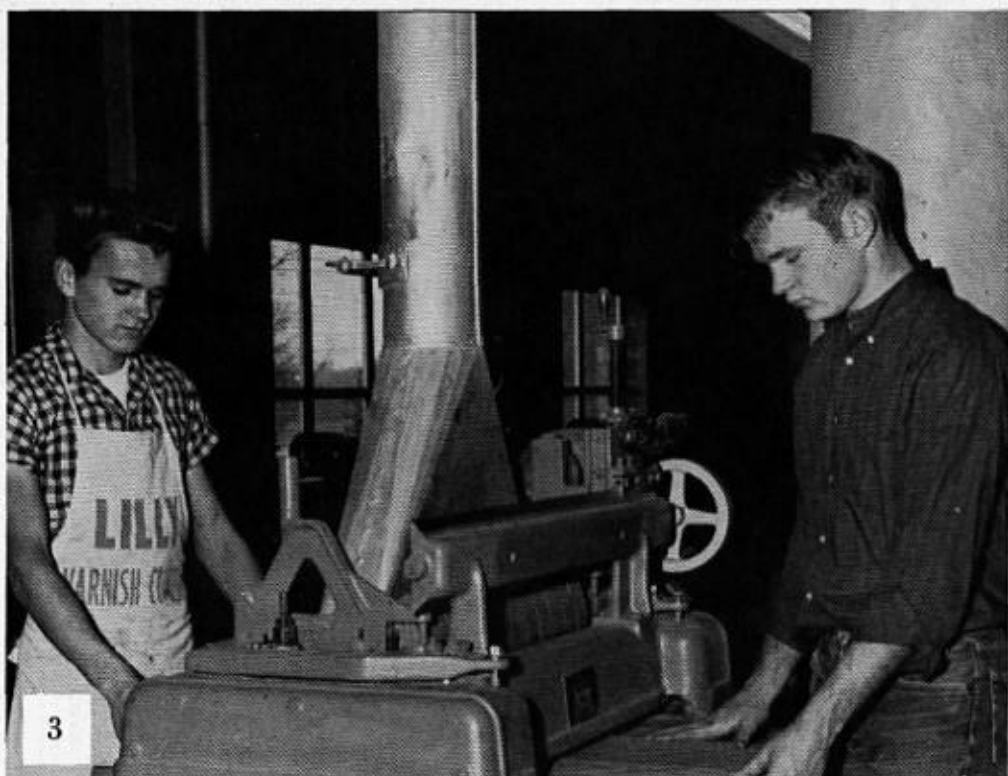

# On The Job

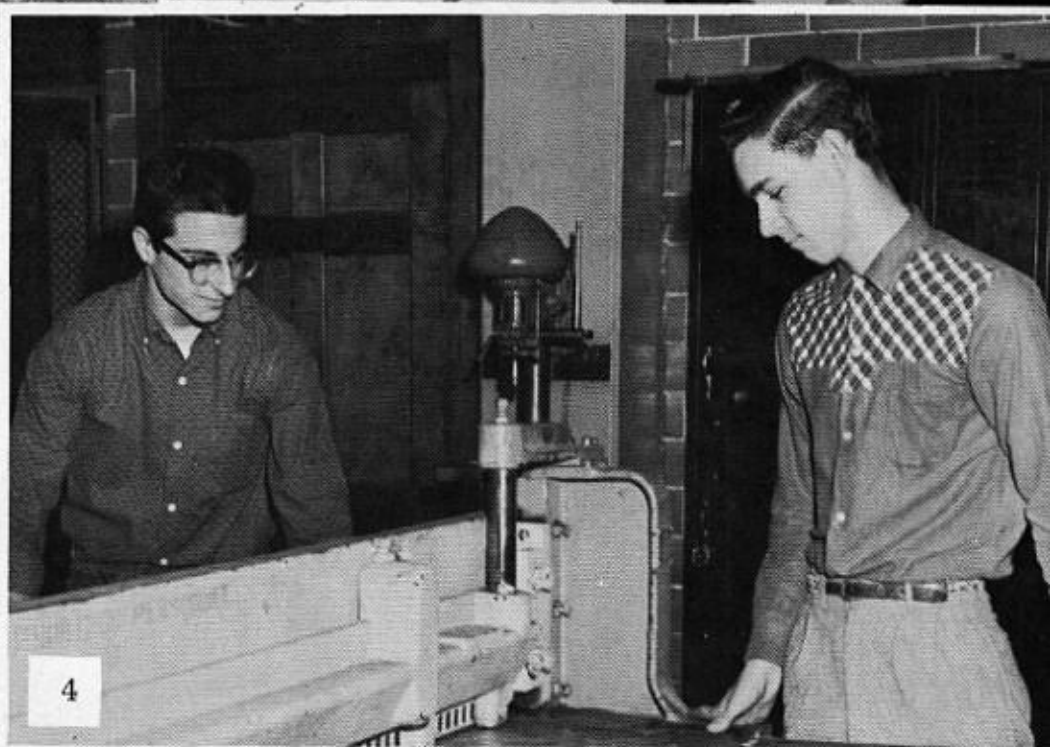

1

2

3

5

**WORKING FOR THE FUTURE . . .** (1) Jack Stevens and Lee Iler work with a motor in Mr. George Freeze's vocational auto mechanics class. Jack checks the generator and voltage regulator while Lee uses a sun scope to check the ignition pattern. (2) Larry Jenkins and Richard Cohen hold a conference on a drawing for a house in Mr. Chester Erickson's technical drafting class. (3) Earl Spiegel and David Baldwin work in Mr. A. R. Cade's vocational wood-working class. The boys are planing a piece of wood before starting a project. (4) Harold Kistner and Tony Tindall are shearing a piece of metal for welding in Mr. Sherman Bradley's vocational sheet metal class. (5) Terry Wester, Leon Holten, and Harold Moore are building a farrowing crate for sows. Boys in Mr. John Kirby's vocational agriculture class put into practice the techniques learned in class through projects for their own farms. (6) Kenneth Cook and Gary Brunner prepare an experiment for Mr. Bert Stainbrook's vocational electronics class. The purpose of the experiment is to plot the characteristic curves on a triode.

# Creative Use Of Leisure . . .

**GENIE OF THE BOOKS . . .** The legendary genie of the bottle cannot compete with power of books to carry the reader away to other lands. Jeanne Simpson has at her finger tips comedy and tragedy, romance and adventure. The library offers many worlds to be explored at leisure.

**PICTURE THIS . . .** Bruce O'Hara explains the technical details of his water color "Street Market" to Judy Noble. With paint and brushes, the artist creates for others his own impressions.

# Time.

MUSIC HATH CHARMS . . . In music Denniese Dysart finds a source of pleasure for herself and for others, a means of relaxation and self expression.

Fine Arts are the key to awareness. Classroom activities in music, art, and literature give students a cultural background and appreciation.

Even though the arts tend to change with the growth of civilization, the concepts remain the same, pointing the way toward richer living for better citizens of the future.

The fine arts program in the high school not only gives a basic foundation of knowledge, but also the opportunity for work in advanced groups.

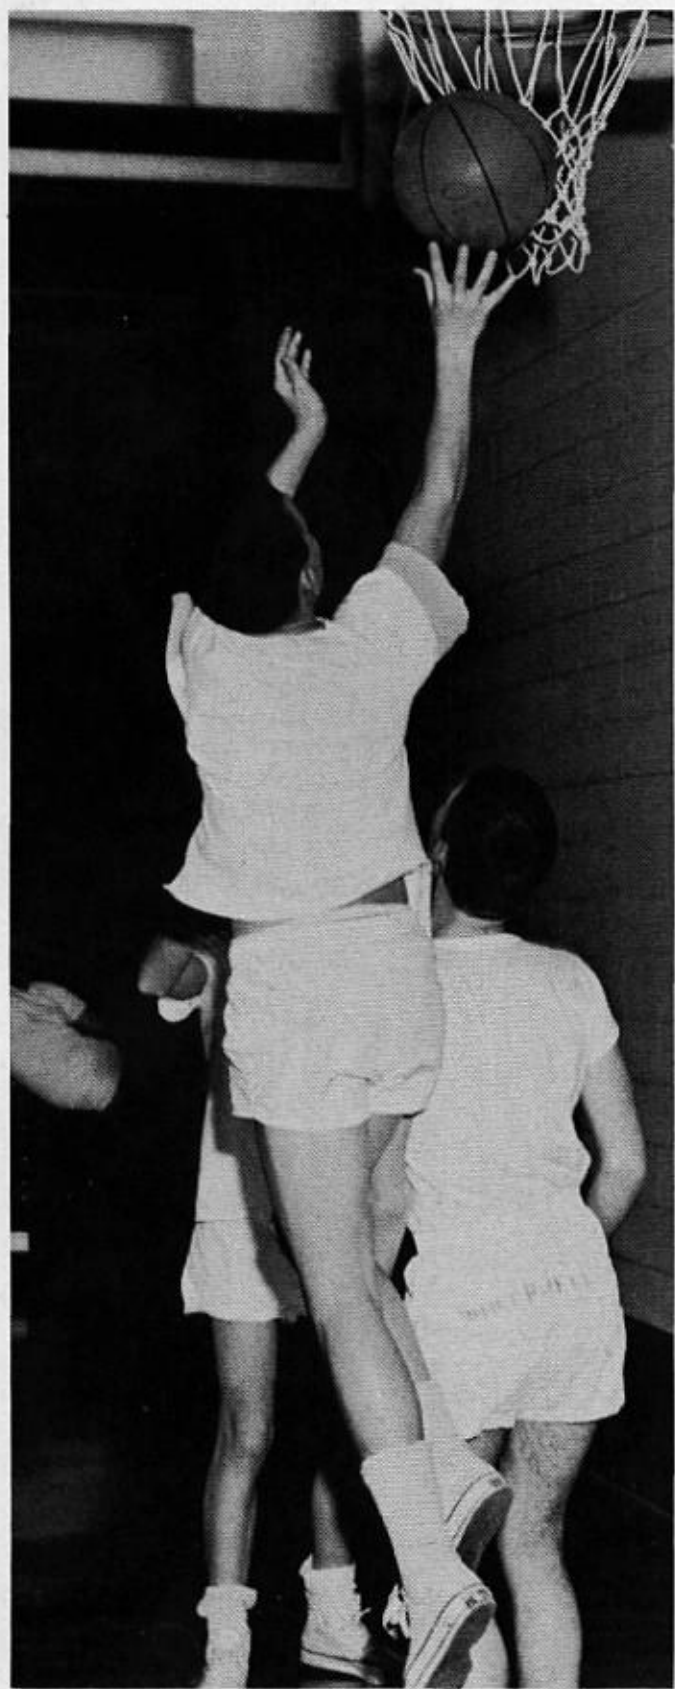

An appreciation for music as a listener and the technical skill needed as a performer is developed through classes in both vocal and instrumental music.

Art courses are offered to foster creativity and to develop skills in its expression.

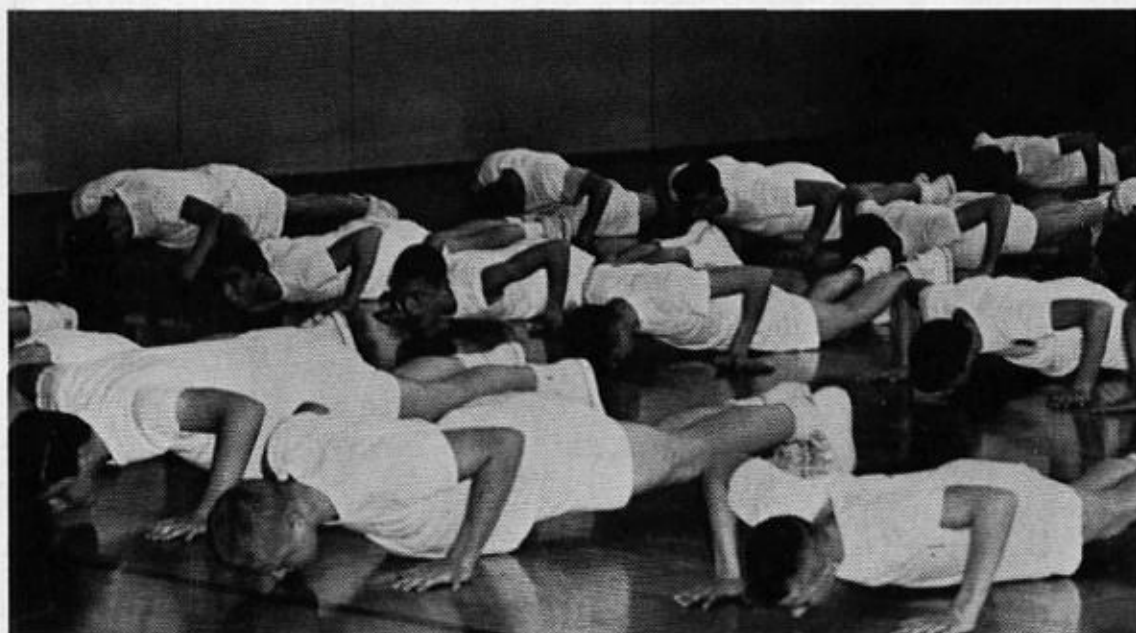

Through an appreciation of literature, art, and music, inner resources are developed for a wise and creative use of leisure time, a factor of growing importance in America.

# Health And Physical Fitness.

GOING UP . . . Gary Turner tries for two points with under-the-basket-supervision from Don Sherrell. Basketball is one of the team sports taught in the boys' physical education classes.

ONE, TWO . . . A freshman physical education class limbers up with push-ups, a part of the program designed to improve body condition.

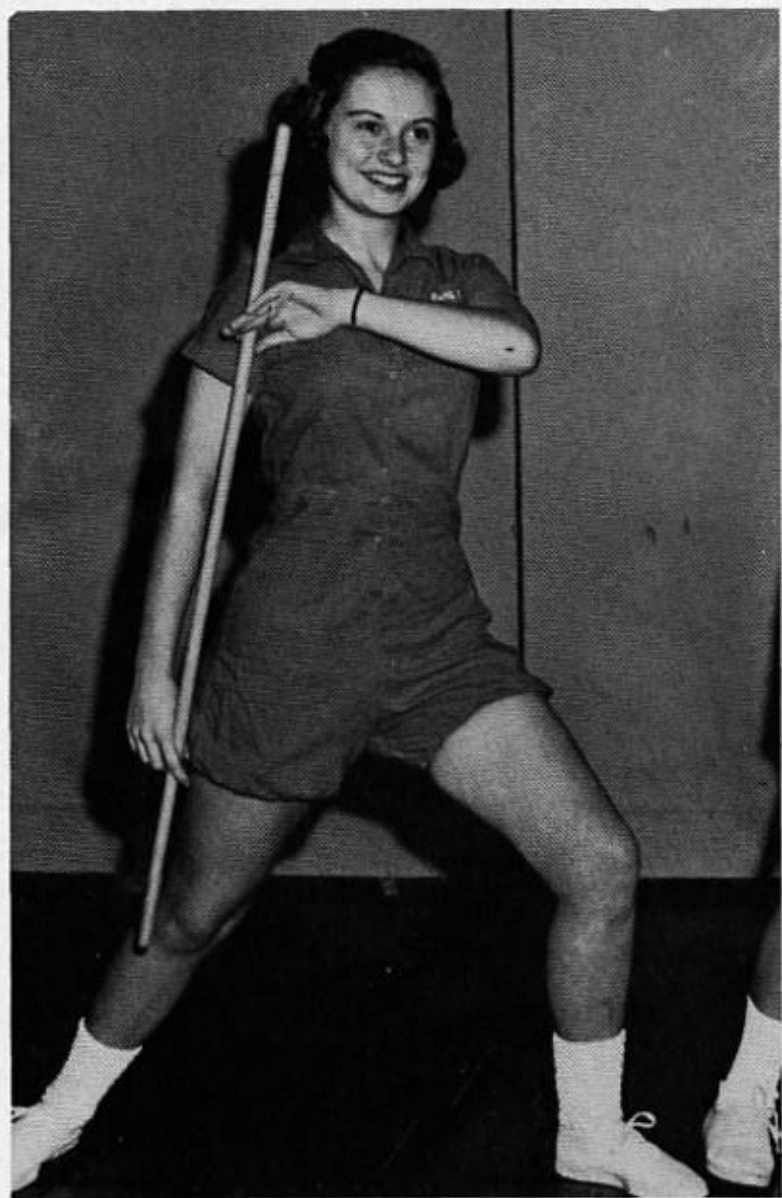

ANNIE, ANNIE, OVER . . . Jim Nelms somersaults over Gary Turner, Ray Bright, Bob Presley, Steve Liebeck, and John Bruster. Tumbling is taught in boys' physical education to improve coordination and agility.

**LUNGE FORWARD . . .** Pam Puyear and Gail Crawley demonstrate one of the positions in the wand drill. Performed with rhythm and precision to a musical accompaniment, the wand drill helps develop good coordination and grace.

**TO THE SIDE . . .** In another position of the wand drill, Ruthie Craig demonstrates the correct body posture in this movement.

**ALL TOGETHER, UP! . . .** Mary Marshall, Katy Adams, Ann Cook, Shirley Dodson, Vivian Nixon, Kitty Bogart, Elaine White, and Jeanne Cole figure all this stretching and bending out to guarantee them beautiful figures.

# SPORTS

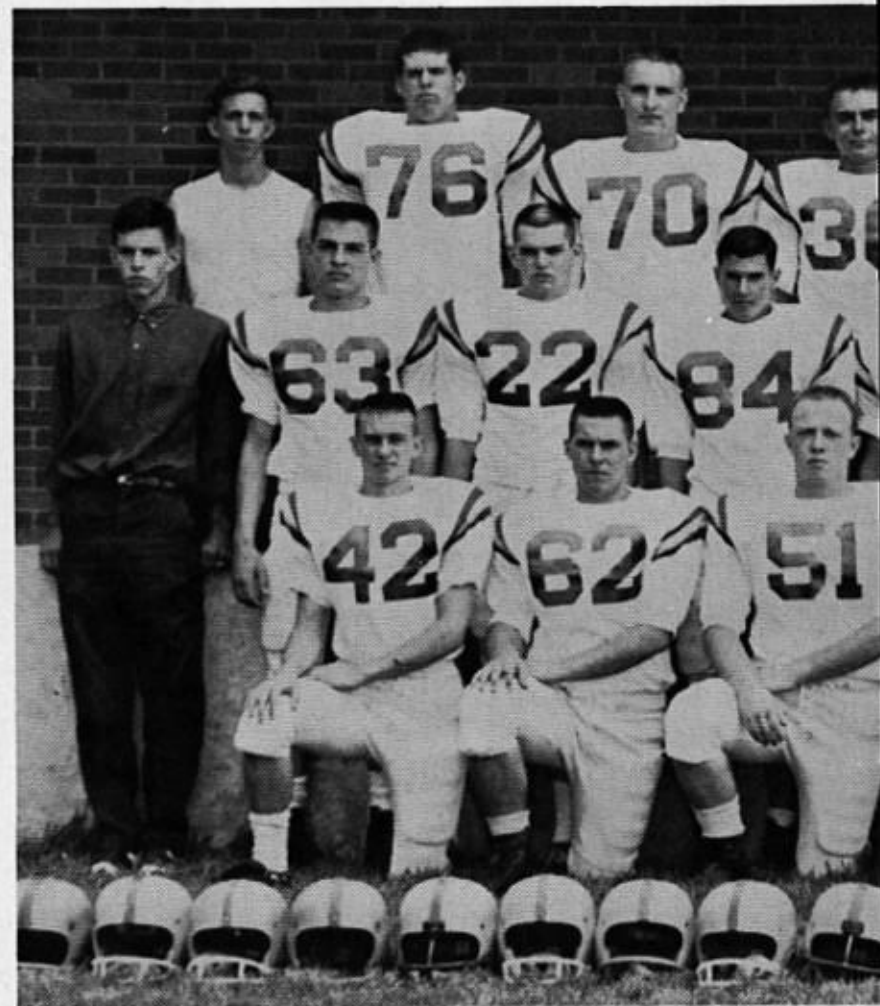

The football team that reports for a rugged practice session under a broiling August sun, the basketball players who devote after-school hours and holiday time to work-outs, trackmen who often are a dash of color on a snow-covered ground—baseball, tennis, golf—for these Parkview students will always “stand up and scream.”

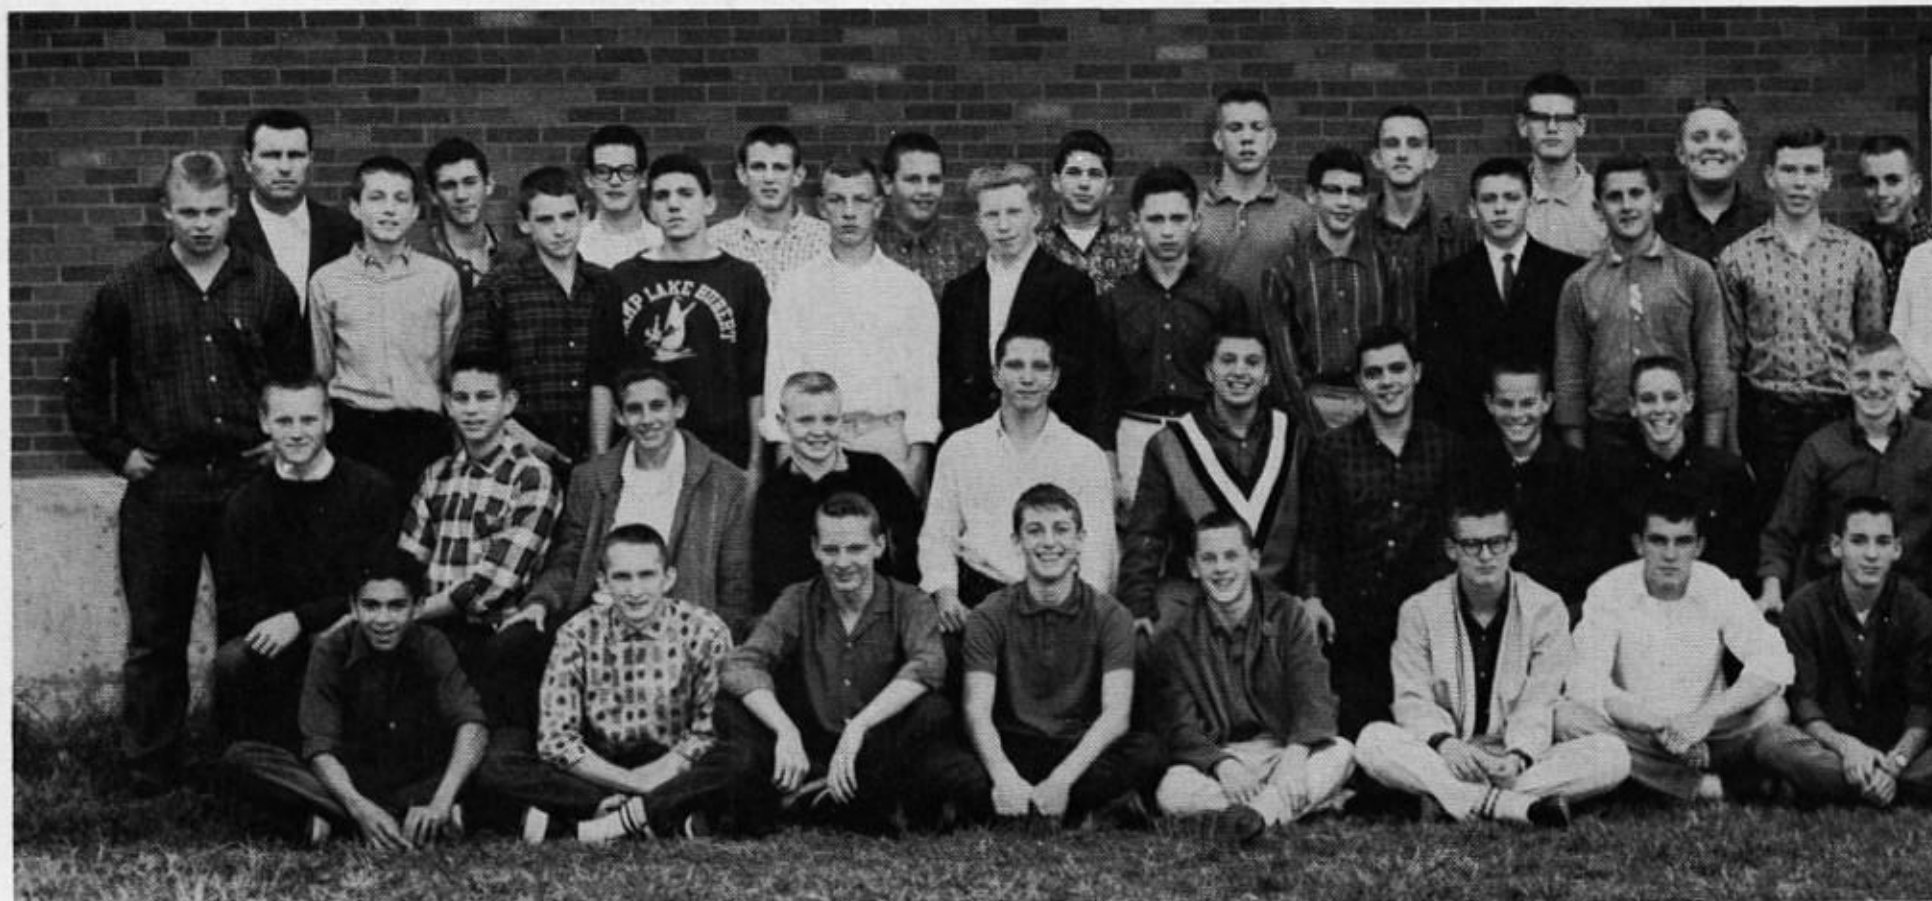

## Vikings Win . . .

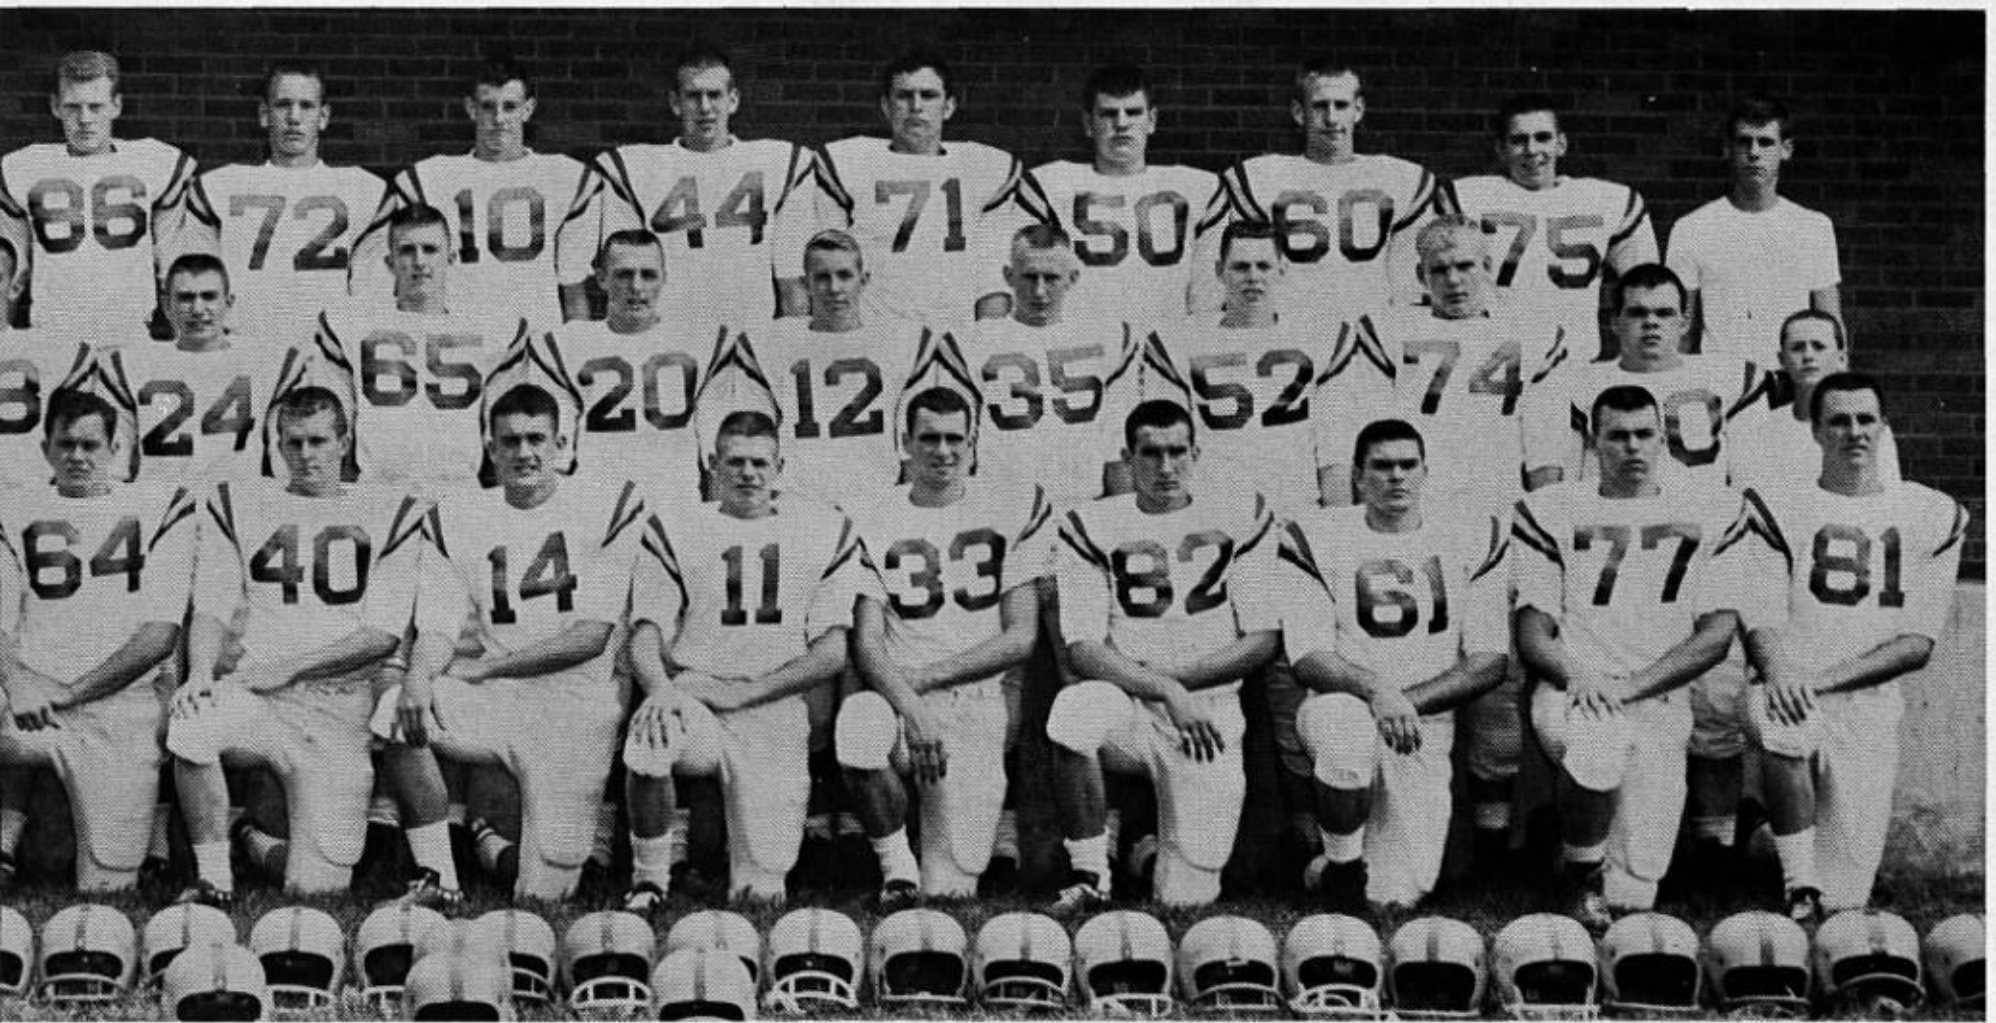

**RIDING HIGH . . .** Triumphantly victorious, the Parkview Vikings carry Coach Orville Pottenger from the Fayetteville gridiron. With the 33-0 shellacking they handed the Fayetteville Bulldogs, the Vikings won their third straight championship of the Ozark Conference.

# Ozark Championship . . .

# Again! . . .

GET OFF MY BACK . . . One Parkview Viking has bit the dust under a Joplin Eagle and Bill Park is headed toward the ground by a shoving Eagle. Parkview squeaked by Joplin 6-0.

GOOD BLOCK . . . Mike Friedland of Parkview throws a block on a Wichita Colt to leave Bill Park an open field to the end zone. Parkview swept by the Colts, 47-0.

DOWN HE COMES . . . Parkview's hard-running halfback John Richardson is tripped up by a Springdale Bulldog in a game which the Vikings won handily, 35-0.

# Second In Regional . . .

**BATTLING BULLDOGS AND WHIPPING THE WILDCATS . . .** Bill Park drives in for a lay-up against Fayetteville, Fred Ris (40), George Coppage (32), and John Backus (10) defend for the Bulldogs. Playing on their own court, the Bulldogs downed the Vikings, 58-47. In the lower picture David Mears rebounds against the Neosho Wildcats in the Class L Regional semifinals. Ken McAlear is screened out by three of the Wildcats. The Vikings won 60-53 which matched them with Central for the final contest, which the Bulldogs took, 53-42.

**VIKINGS . . .** *Front Row:* Bill Park, Ryan Galli, Craig Soltys, Larry Wallis, Bob Lehnoff, student manager. *Second Row:* Paul Eustis, student manager; Jerry Turner, David Mears, David Galloway, Rick Davis, Coach Al Runge. *Third Row:* Coach Herb Weston, Steve Leader, Ken McAlear, Bob Woodworth, and Wayne Davison.

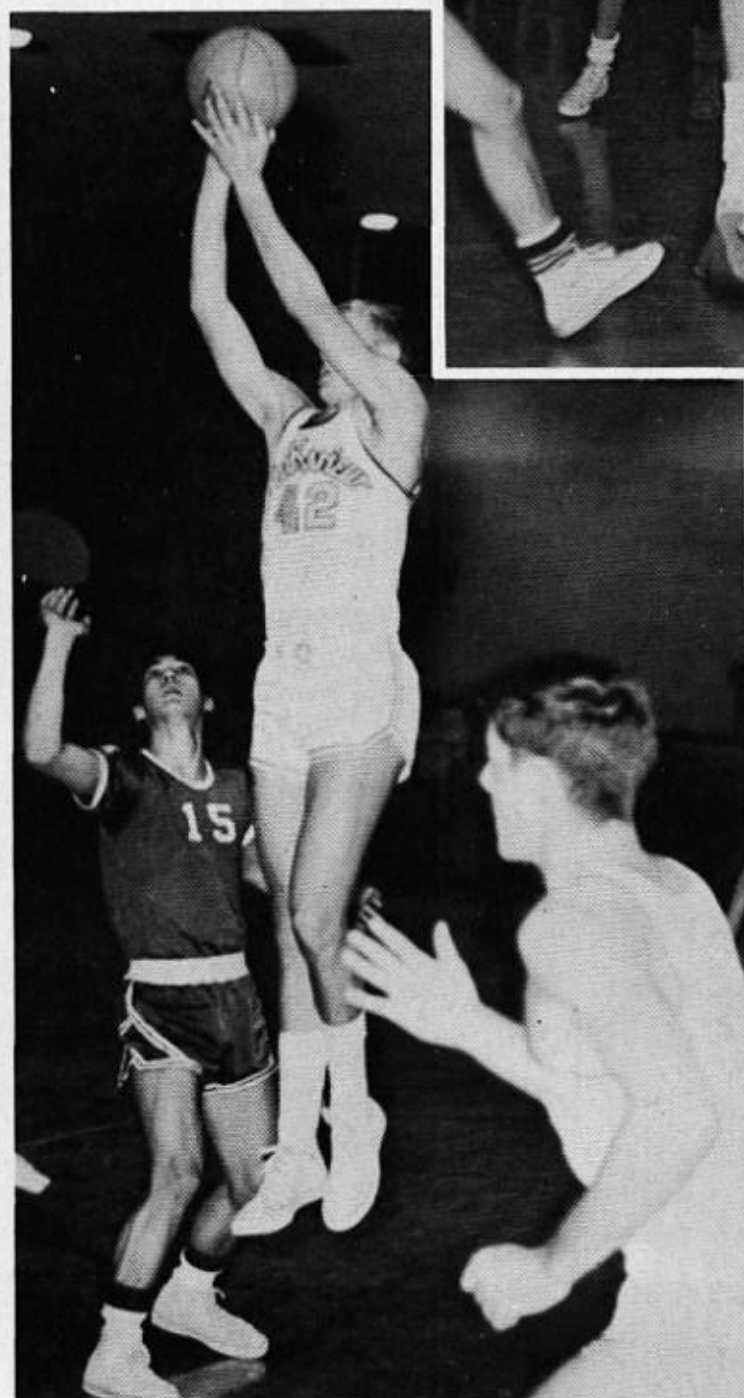

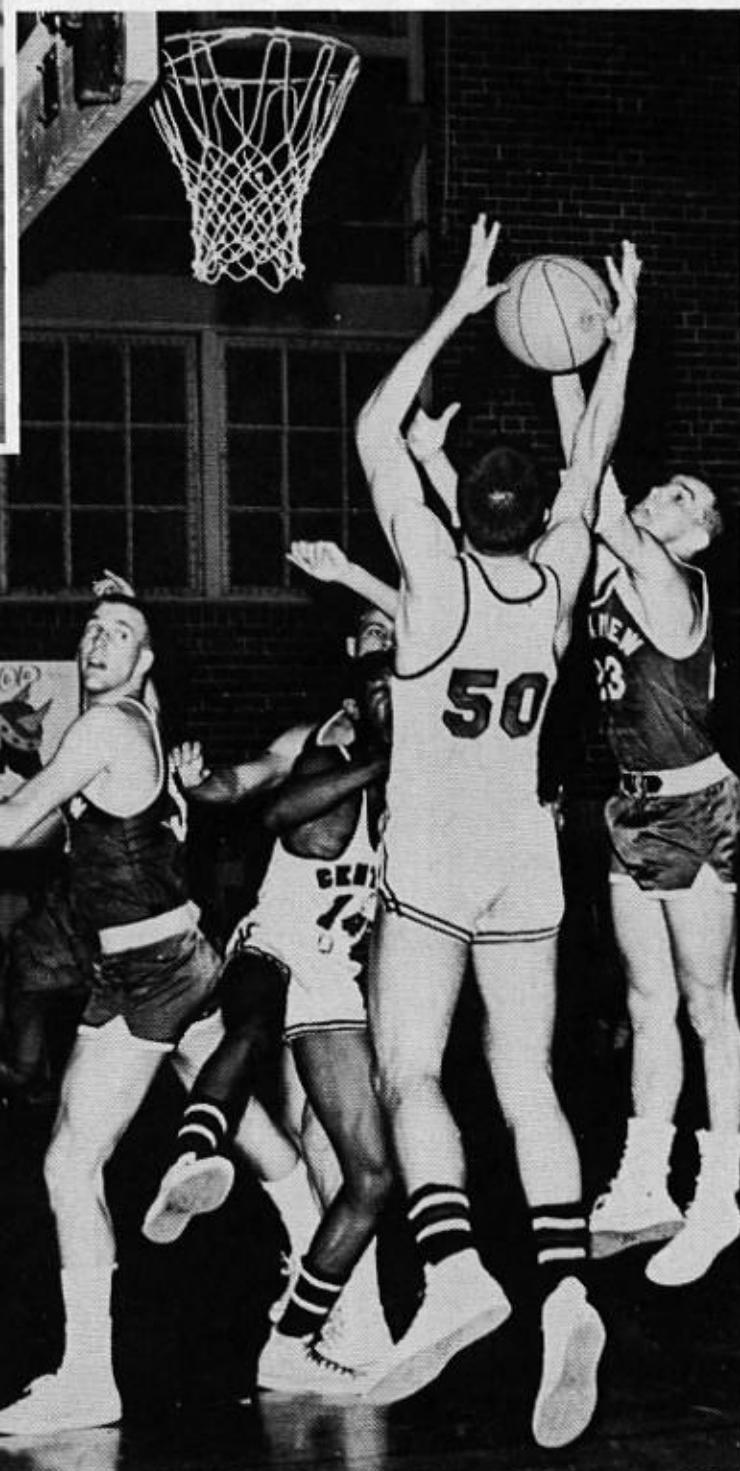

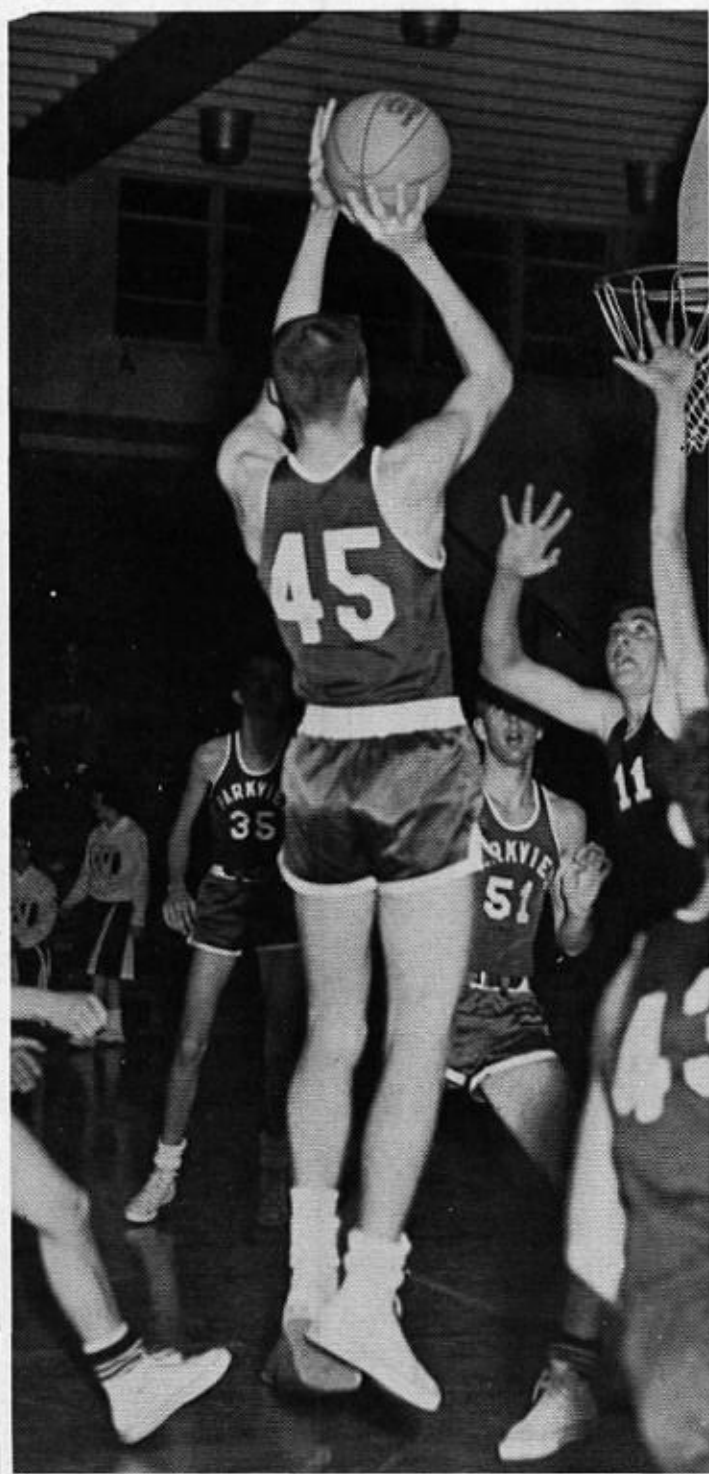

# Climaxes Vikings' Winning Season

TWO POINTS . . . Wayne Davison is all alone as he goes up for a jump shot under the watchful eyes of David Mears and Ken McAlear. The Vikings won the contest, 54-45, over Willow Springs in the PHS Preview Tournament.

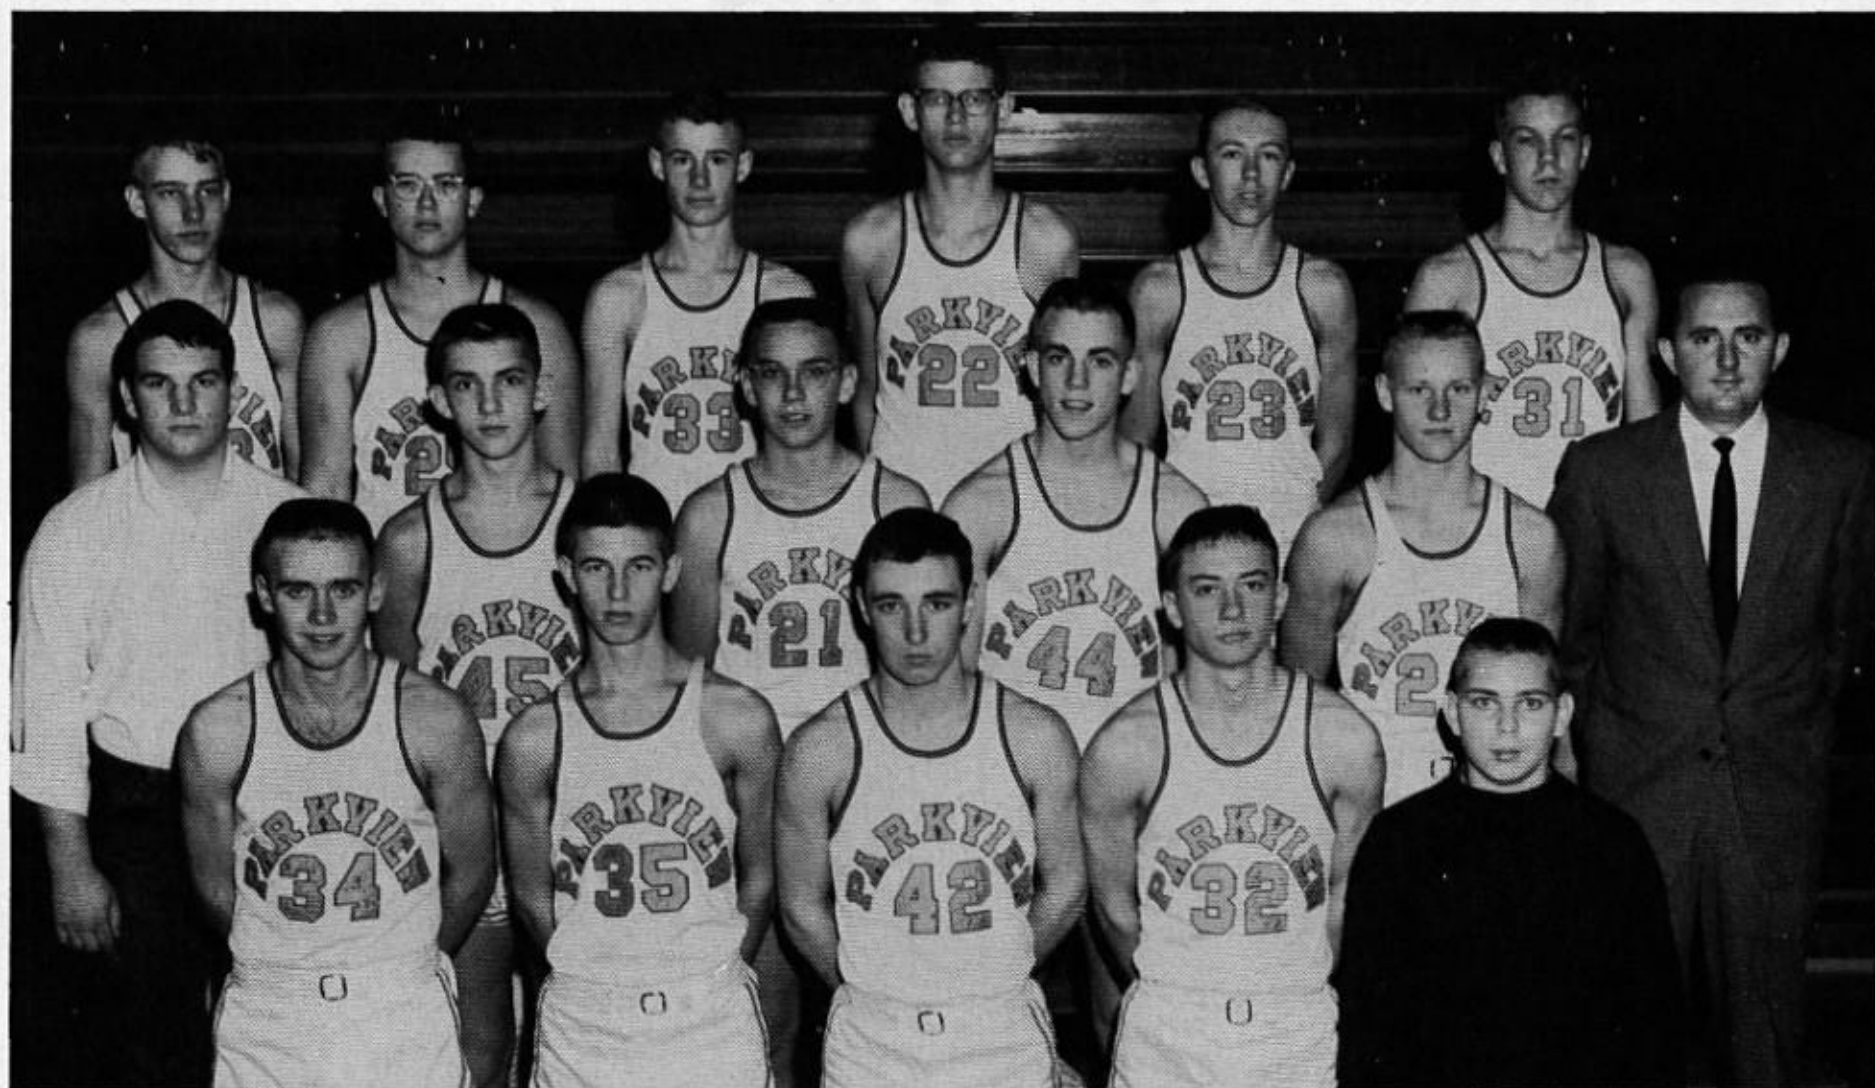

HOLD IT . . . Bob Woodworth is head and shoulders above everybody as he puts up a jump shot against Fayetteville. Steve Leader breaks for the rebound. The Bulldogs won the game, 61-55.

GET THAT BALL . . . Jerry Turner battles for a rebound with Central's Byron Darnaby in the Vikings' 45-38 loss to the Bulldogs at Central. David Mears works into position for the rebound. The game evened the teams for the series with each team winning on its own home court.

# Vikes Lose Only One B-Game.

VIKES . . . *Front Row:* Leslie Burtner, David Lee, Bob Dupont, Mike Gilmore, Bob Lehnoff, student manager. *Second Row:* Paul Eustis, student manager, Gary Lambeth, Bob Fon-

taine, Tommy Briggs, Steve Stracke, Coach Al Runge. *Third Row:* Dick Anderson, Gaylen Mitchell, Leland Murphy, Jim McAlear, Ronnie Scherer, Bill Grier.

## Early Workouts . . .

**WARMING UP . . .** Runners John Holstein, half-mile; Ervin Dock, 220-yard dash; Bob Newman, 440-yard dash; Bill Dannevik, 220-yard dash; and George Lakey, mile, jog around the track before timed trials.

**OVER THE TREE TOPS . . .** Don Chalendar vaults over the bar as he gets an early-spring workout at the beginning of the track-training period.

**BLURRED BURTON . . .** Rusty Burton tests the speed of the camera shutter while running the high hurdles. Clearly Burton won.

**COVERING SECOND . . .** Second baseman Charles Mabry takes a toss from pitcher Rick Davis. With the first signs of spring, baseball players turn out for in-field and batting practice.

# Prepare For Spring Sports

RETURNING LETTERMEN . . . *Front Row:* Bob Dobbs, Don Tilton, Charles Mabry. *Second Row:* Sam Mauck, Rick Davis, with Coach Don Provance form the nucleus of Parkview's baseball nine for '61.

LINKSMEN LINEUP . . . Coach Harlin Hutsell starts the golf season with Gary Bareford, Larry Pegg. *Second Row:* Bob Murray, Richard Baxter, and Mark Tobbin.

RACQUETEERS . . . Turning out for tennis were Barbara Allen, Phyllis McDaniel, Lyn Johnson, Jeffi Williams. *Second Row:* Dick Haymes, Paul Crawford, Bob Crowder, and Jack Delo.

John,

It's really been fun in geometry class. You're lucky you got out with you like and you better pray you aren't in the same class with me next year. Jim Tough. Stay sober and I hope to see you **SCHOOL ACTIVITIES** next year.

The sparkle of an exciting school life is reflected in that special spirit surrounding Parkview.

Laughter in the student center, enthusiastic participation in the clubs and organizations, the gaiety of the Viking Festival, the zest of the pep assemblies, and the excitement of Miss America's visit combine to create a lifetime of happy memories.

# If You Can't Hear That, . . .

B SQUAD . . . *Front Row:* Grace Ann Mires, Jan Donahoo, Jill Nicholson. *Second Row:* Anne Diffenderffer, Susan Allen, Mary Ann Adler, Madge Westbrooke, Lyn Johnson.

# We'll Yell A Little Louder!

Cheering the Vikes and Vikings on to victory were the pep squads and Viking Club.

These organizations planned pep rallies, participated in assemblies, and led the student body in yells at football and basketball games throughout the year.

Whether at home or away, their team winning or losing, the spirit of these enthusiastic rooters never diminished.

# School Musicians . . .

WOODWIND QUARTET . . . Featured in the concert performance of the orchestra was the woodwind quintet composed of Becky Hoover, flute; Stephanie Allen, oboe; Don Grose, horn; Russell Hill, bassoon; and Ernie Goswick, clarinet.

The Parkview music department offers students varied musical experience.

Participation in either the vocal or instrumental phase satisfies the fine arts requirement for graduation.

Educational and cultural assets to the school, the chorus, glee club, choir, orchestra, band and ensembles perform on many occasions during the school year.

Annual concerts, the music festival, and the operetta afford the general public the opportunity of hearing the student musicians perform.

# The Stage's Their World

Dramatics is a personality developing medium using subject matter pertaining to different aspects of the theater: mainly, acting, directing, theater personalities, make-up, and dramatic theater. Classes in dramatics present cuts from both one-act and long plays and participate in many school activities.

Public speaking is an advanced class in speech and is designed to teach the basic skills of oral communication. During the year students prepare for activities in debate, oratory, extemporaneous speaking, dramatic reading, and other related activities.

# Foreign Language Clubs . . .

John -

It has really been great this year, sixth hour basketball games and down at the Y. It is good friends and swell people like you that makes it hard for seniors to have to leave. Keep watch over good ol' PHS and "Uncle Louie" and much good luck and success for senior years to come. Best wishes always.

Sincerely,

Bob Thomas

AROUND THE WORLD . . . Presidents from the three foreign language clubs wear the costumes of their representative nations: Julie Collison, a waitress from the French Carnival; Bob Thomas, a Roman senator; and Linda Lomax, a Spanish dancer.

# Offer Educational Experiences . . .

Foreign language clubs at Parkview usually operate separately, but on several occasions they unite for special activities.

One of the highlights of Los Caballeros, the Spanish club's year, is the annual Christmas party at which the students break the traditional piñatas. The main purpose of the club is to emphasize the spoken language and to acquaint the members with the customs of Spanish-speaking people.

Le Cercle Français, the French club, features a program of speakers who have traveled abroad, movies, slides, and parties. The annual French Carnival is held for prospective French students and invited guests.

The purpose of the Latin club, Una Voce, is to provide interesting information concerning the traditions, customs, and the life of ancient Rome. The club also has an annual Roman banquet.

# In Civic, Governmental Activities.

**COUNTERPARTS . . .** City Manager Tom Chenoweth meets to confer with Jack Delo who was City Manager during the Model City Government day sponsored by the Hi-Y and the Tri-Hi-Y of Parkview.

To help prepare Parkview students for an active role in their government, the Hi-Y, Tri-Hi-Y, and the Cosmopolitans sponsor projects in government designed to inform and encourage student participation.

The Cosmopolitans held a political rally with candidates from county and district races invited to speak to students and to acquaint them with election pro-

cedure and purpose.

The Hi-Y and Tri-Hi-Y participated in the Model City Government and Model State Legislature programs, thus allowing students to participate in the operations and to meet the everyday problems arising in a democratic government.

# And Home.

The Future Homemakers of America organizations emphasize the joys and satisfactions of homemaking and the importance of worthy home membership.

The activities of the Future Teachers of America are centered around the teaching profession. Members of the club help take care of children during PTA meetings.

The club also sponsors the cadet teaching program under which seniors may work two hours a day in one of the Springfield schools.

**COKE PARTY . . .** Coke, cookies, and conversation are the format of the get-acquainted party held by the members of the FTA early in the school year.

**OFF TO WORK . . .** Cadet teachers Carol Hocklander, Jeanette Cunningham, and Linda Lee leave Parkview to go to their two 'hours' of teaching in elementary schools.

# COE, FBLA Link School And Business

Co-operative Education provides the opportunity for students to obtain additional training and work experience on jobs outside school for which they receive credit toward graduation. In addition to work on a job, students in the program are assigned to a class that meets daily for instruction related to the types of occupations in which they are engaged.

Future Business Leaders of America club encourages the mutual understanding of business, school, and community. It promotes a more active interest in better social, political, community, and family life.

# New Ideas.

The Science Club, which annually sponsors the Science Fair at Parkview, creates student interest in different fields of science. The Math Club broadens interest and increases appreciation of its members in the field of mathematics.

The Radio Club stimulates interest in ham radios and has a ham station open to all licensed ham operators who are members. The club also helps members obtain permits to operate.

The Future Nurses helps girls gain information about nursing and provides an opportunity for its members to see nurses on duty in local hospitals.

# Sports Activity, . . .

Of special interest to students who participate in sports are the Letterman's Club, the Girls' Athletic Association, and the Sea Sprites.

Organized this year, the Letterman's Club is a service organization and is open to boys who have earned letters in football, basketball, baseball, track, tennis, and golf.

The GAA functions all year offering girls the opportunity to participate in team and individual sports.

Highlight of the year for the Sea Sprites is the presentation of their water show in the spring. Sea Sprites are sponsored by the YWCA.

LET'S GET ORGANIZED . . . Johnny Hagler, president; Gary Lillard, vice president; and John Richardson, secretary; lay plans with Coach Orville Pottenger for the organization of the Letterman's Club.

# Students Give . . .

Parkview's student helpers give up study time to assist the faculty and their fellow students with many varied and necessary tasks.

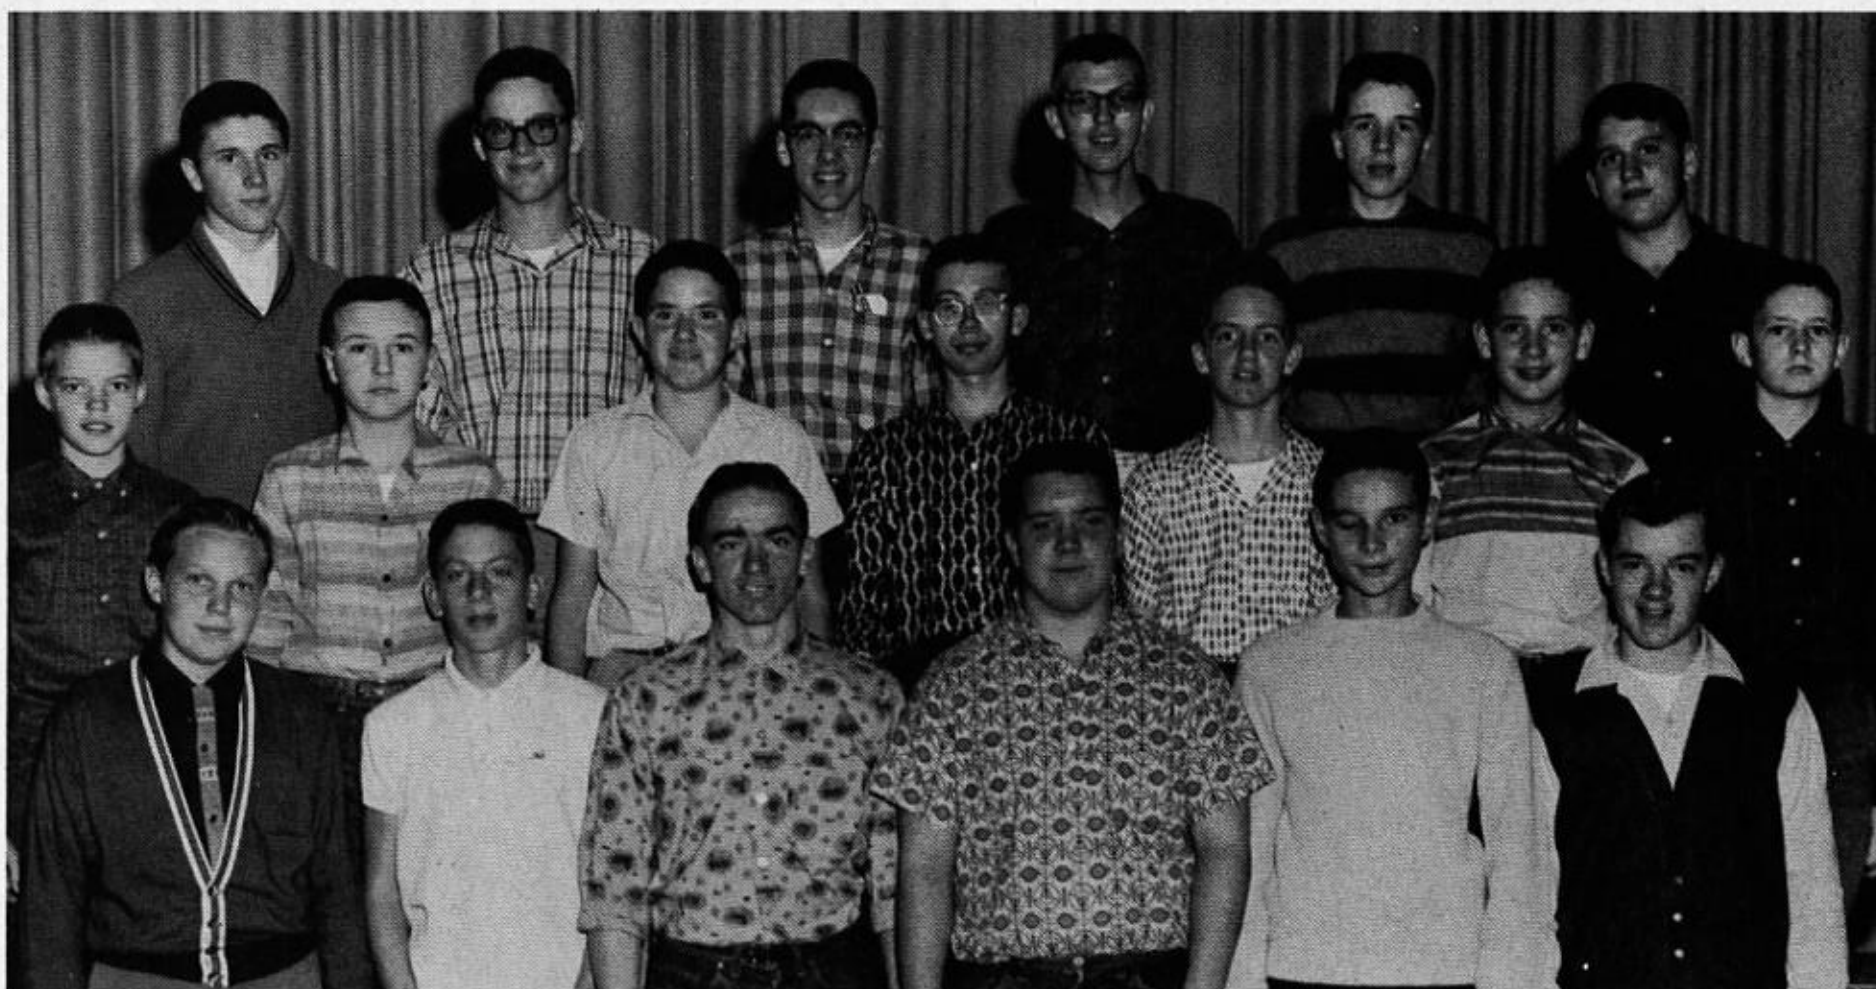

Their work includes assisting the deans, counselors, secretaries and office personnel; working in the school store and cafeteria, and operating the film projectors. They save members of the faculty and administration many steps and much valuable time.

**OPERATIONAL CHECK . . .** Gary Lillard, one of the students who operated the movie projectors, makes last minute adjustments before starting one of the films.

# Lassies, Key Club Serve Community . . .

The highstepping Lassies perform at games, in pep assemblies, and in the band and Lassie Concert.

The Lassies help with charity drives, march in parades, and usher at various school functions. They held a chili supper to raise funds for a trip. Their green kilts and smiling faces are welcomed everywhere they appear.

The purpose of the Key Club is to give service to the school as well as the community. Some of the activities include the vocational clinics, the Easter Chapel service, the delivery of Thanksgiving and Christmas baskets, the annual Student Leader Banquet, and the sale of ribbons for athletic events.

## Student Leaders . . .

Student government provides training in citizenship and establishes better understanding between faculty and student.

The executive branch consists of the cabinet. Cabinet members are selected by the student body officers and counselors. All Parkview students are associated with the student government through elected representatives in their sixth hour class and class officers.

The safety council is an organization which strives to improve the school and community safety-wise through various projects. The student body is associated with this through the second hour classes.

**GOOD LUCK . . .** Congratulating Bill Park is Mr. Homer Kesterson, principal, immediately after Bill has taken the oath of office as the new Parkview student body president.

**BUSY HANDS . . .** Nancy Newhard, art commissioner, works hard on the decorations for one of the PHS dances. During the year, Nancy, with the help of many others, made decorations for the Viking Festival and other school events.

**DECK THE HALLS . . .** Helping to promote the Christmas spirit at Parkview are the members of the cabinet. They are *from left to right*: Bob Thomas, speaker of the house; Bill Park, student body president; Sandra Lyle, assemblies commissioner; Ginger Johnson, cabinet secretary; LaDonna Lemery, student body vice president; Janet Baker, social director; Nancy Newhard, art commissioner; Benny Shriver, school store commissioner; and Ken McAlear, elections commissioner.

# Acknowledgments

With the completion of the last pages of the Viking Log, the editors wish to express their appreciation to all who helped to make it possible.

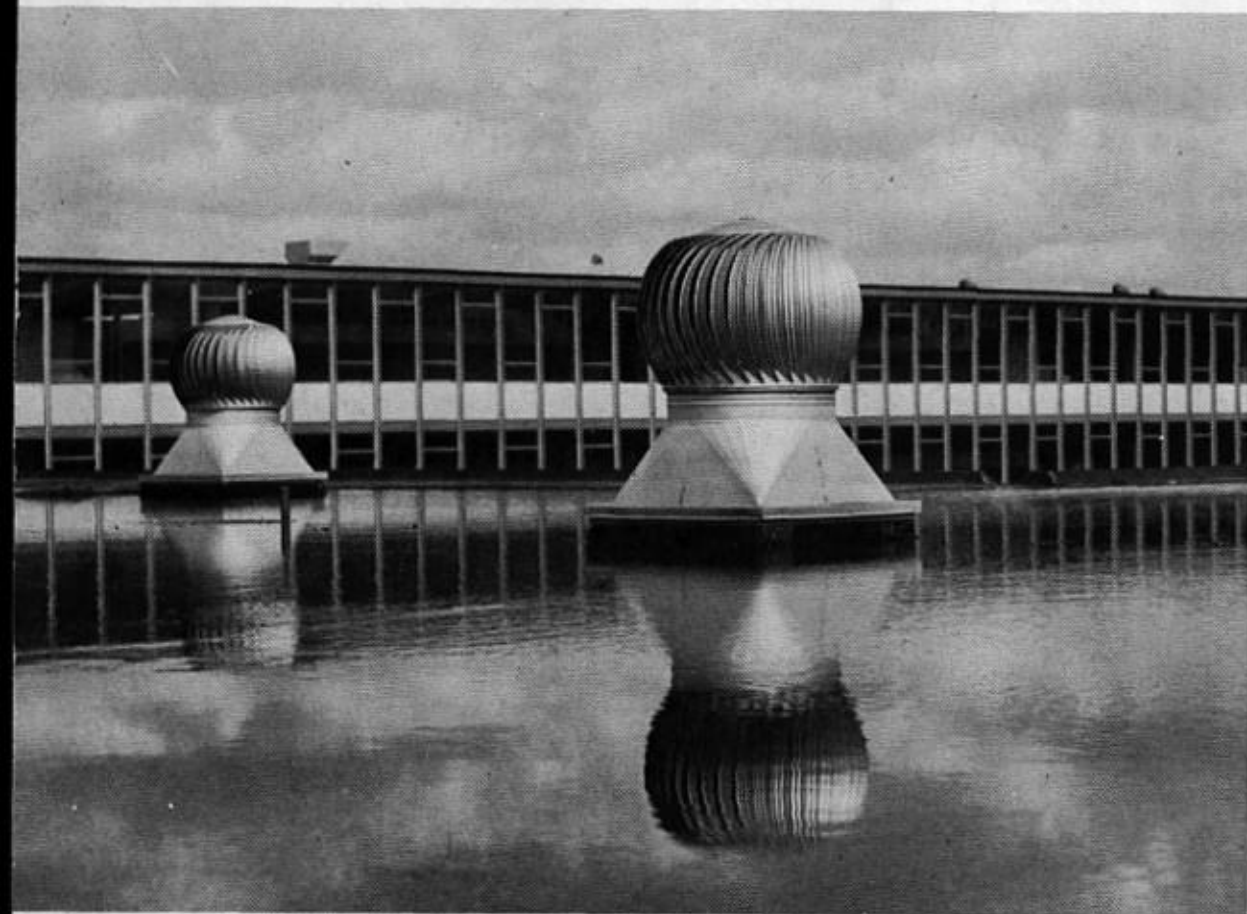

First we thank the people of Parkview: the administration for allowing school time to schedule pictures that were needed; the faculty for permitting students to leave class in order to have pictures taken; and the student body for their cooperation and help.

A special word of thanks is offered to the journalism students who assisted in production, to Mrs. Mar'Lyn Cowan, journalism instructor, for supervising the work; to Mrs. Virginia Woodring,

chairman of the journalism department, and to Mr. George Buckler and the stagecraft club who set up props and risers for group pictures.

Thanks is also due professional photographers, Mr. John Craig and Mr. John McGuire; the student photographers, Lewis King, Kit Carson, and Paul Shaw; and the downtown studios for their cooperation in taking senior pictures, the faculty, and Viking Day royalty.

The editors hope the '61 Viking Log, will perform its role in the final perspective of your high school years.

John,

This page reminds me of all we learned together in chemistry. We're neat guys. It has really been a large Rick watching your laugh-type smile as I lit your differential. (Remember?)

Be a good kid and we'll all be happy

Your friend and mine,

Dick Anderson

Dear  
 Father  
 This year has been  
 one of the most  
 successful in my  
 career. I have  
 been able to  
 secure a number  
 of new clients  
 and my business  
 is growing rapidly.  
 I am very  
 pleased with  
 the results and  
 hope to continue  
 to expand my  
 practice in the  
 future.

Dear John  
I'm sorry  
we didn't have any  
classes together this  
year & I didn't get to  
see you much. I  
still think you  
are of the sweetest  
type & know & I  
hope I see you  
more next year.

to  
I think I  
want to  
be with you  
and hope  
you will  
stay with me  
all day long  
and love me  
as much as I  
love you

John,  
It's been a  
party in Chemistry -  
driving Mr. O'Malley  
nuts. I hope next  
year we get a chance  
to drive someone  
'else' crazy.

You're a wonderful  
guy and I hope  
to see you next year.

hat & back,  
Pam Ling

John,  
It has been fun being  
in P.E. with you.  
although you are  
no Charles at all  
You will pass.  
with your 18 1/2 in.  
upper arm.

Yours Pal  
Joe Jones;

John -  
It sure has been nice  
knowing you for the last  
two years. We sure have  
had fun. Good luck in  
everything that you do.

Bruce Penner

John -  
I'm glad I got  
to be with you in  
class this year but  
I still haven't got  
given you for  
embarrassing me  
in English.  
Ann Montebello  
7-51

Kerr - Man  
Star of basketball,  
baseball & various other  
sports. Its sure been  
fun in P.E. English,  
but not in Herbie's  
class (what a bum!)  
anyway its been great  
fun this year &  
next year just  
think we'll be  
big seniors -  
Good luck to a  
great guy!  
Bill Spence

Johnny Bolt,  
I don't really  
know why I put  
on a Marilyn Monroe. But you're  
that a certain introduction  
We've certainly had some laughs during  
the past year. We'll have to get  
together this summer, especially on the  
1st of July and have a real blow-out.  
Bob Smith  
Another class,

John, I guess you are almost a Captain member, even the you aren't! Keep Parkville in order next year, & take care of yourself! Janet Baker

John, we really enjoyed you. I want to wish you all the best. I will see you this summer on

Craig Salty

Kerrous-

We've had a lot of laughs in Chemistry this year and also in History. We've also had a lot of fun with the 791 "all stars?"

Thorn,  
I have enjoyed knowing this past year, and wish you the best of luck in the coming years. A.C.H.W.S

Lots of luck in the future.

John, Good luck and Best wishes to a good guy! see you this summer, Steve Leader

Kore,  
We have known each other for years and still have more fun

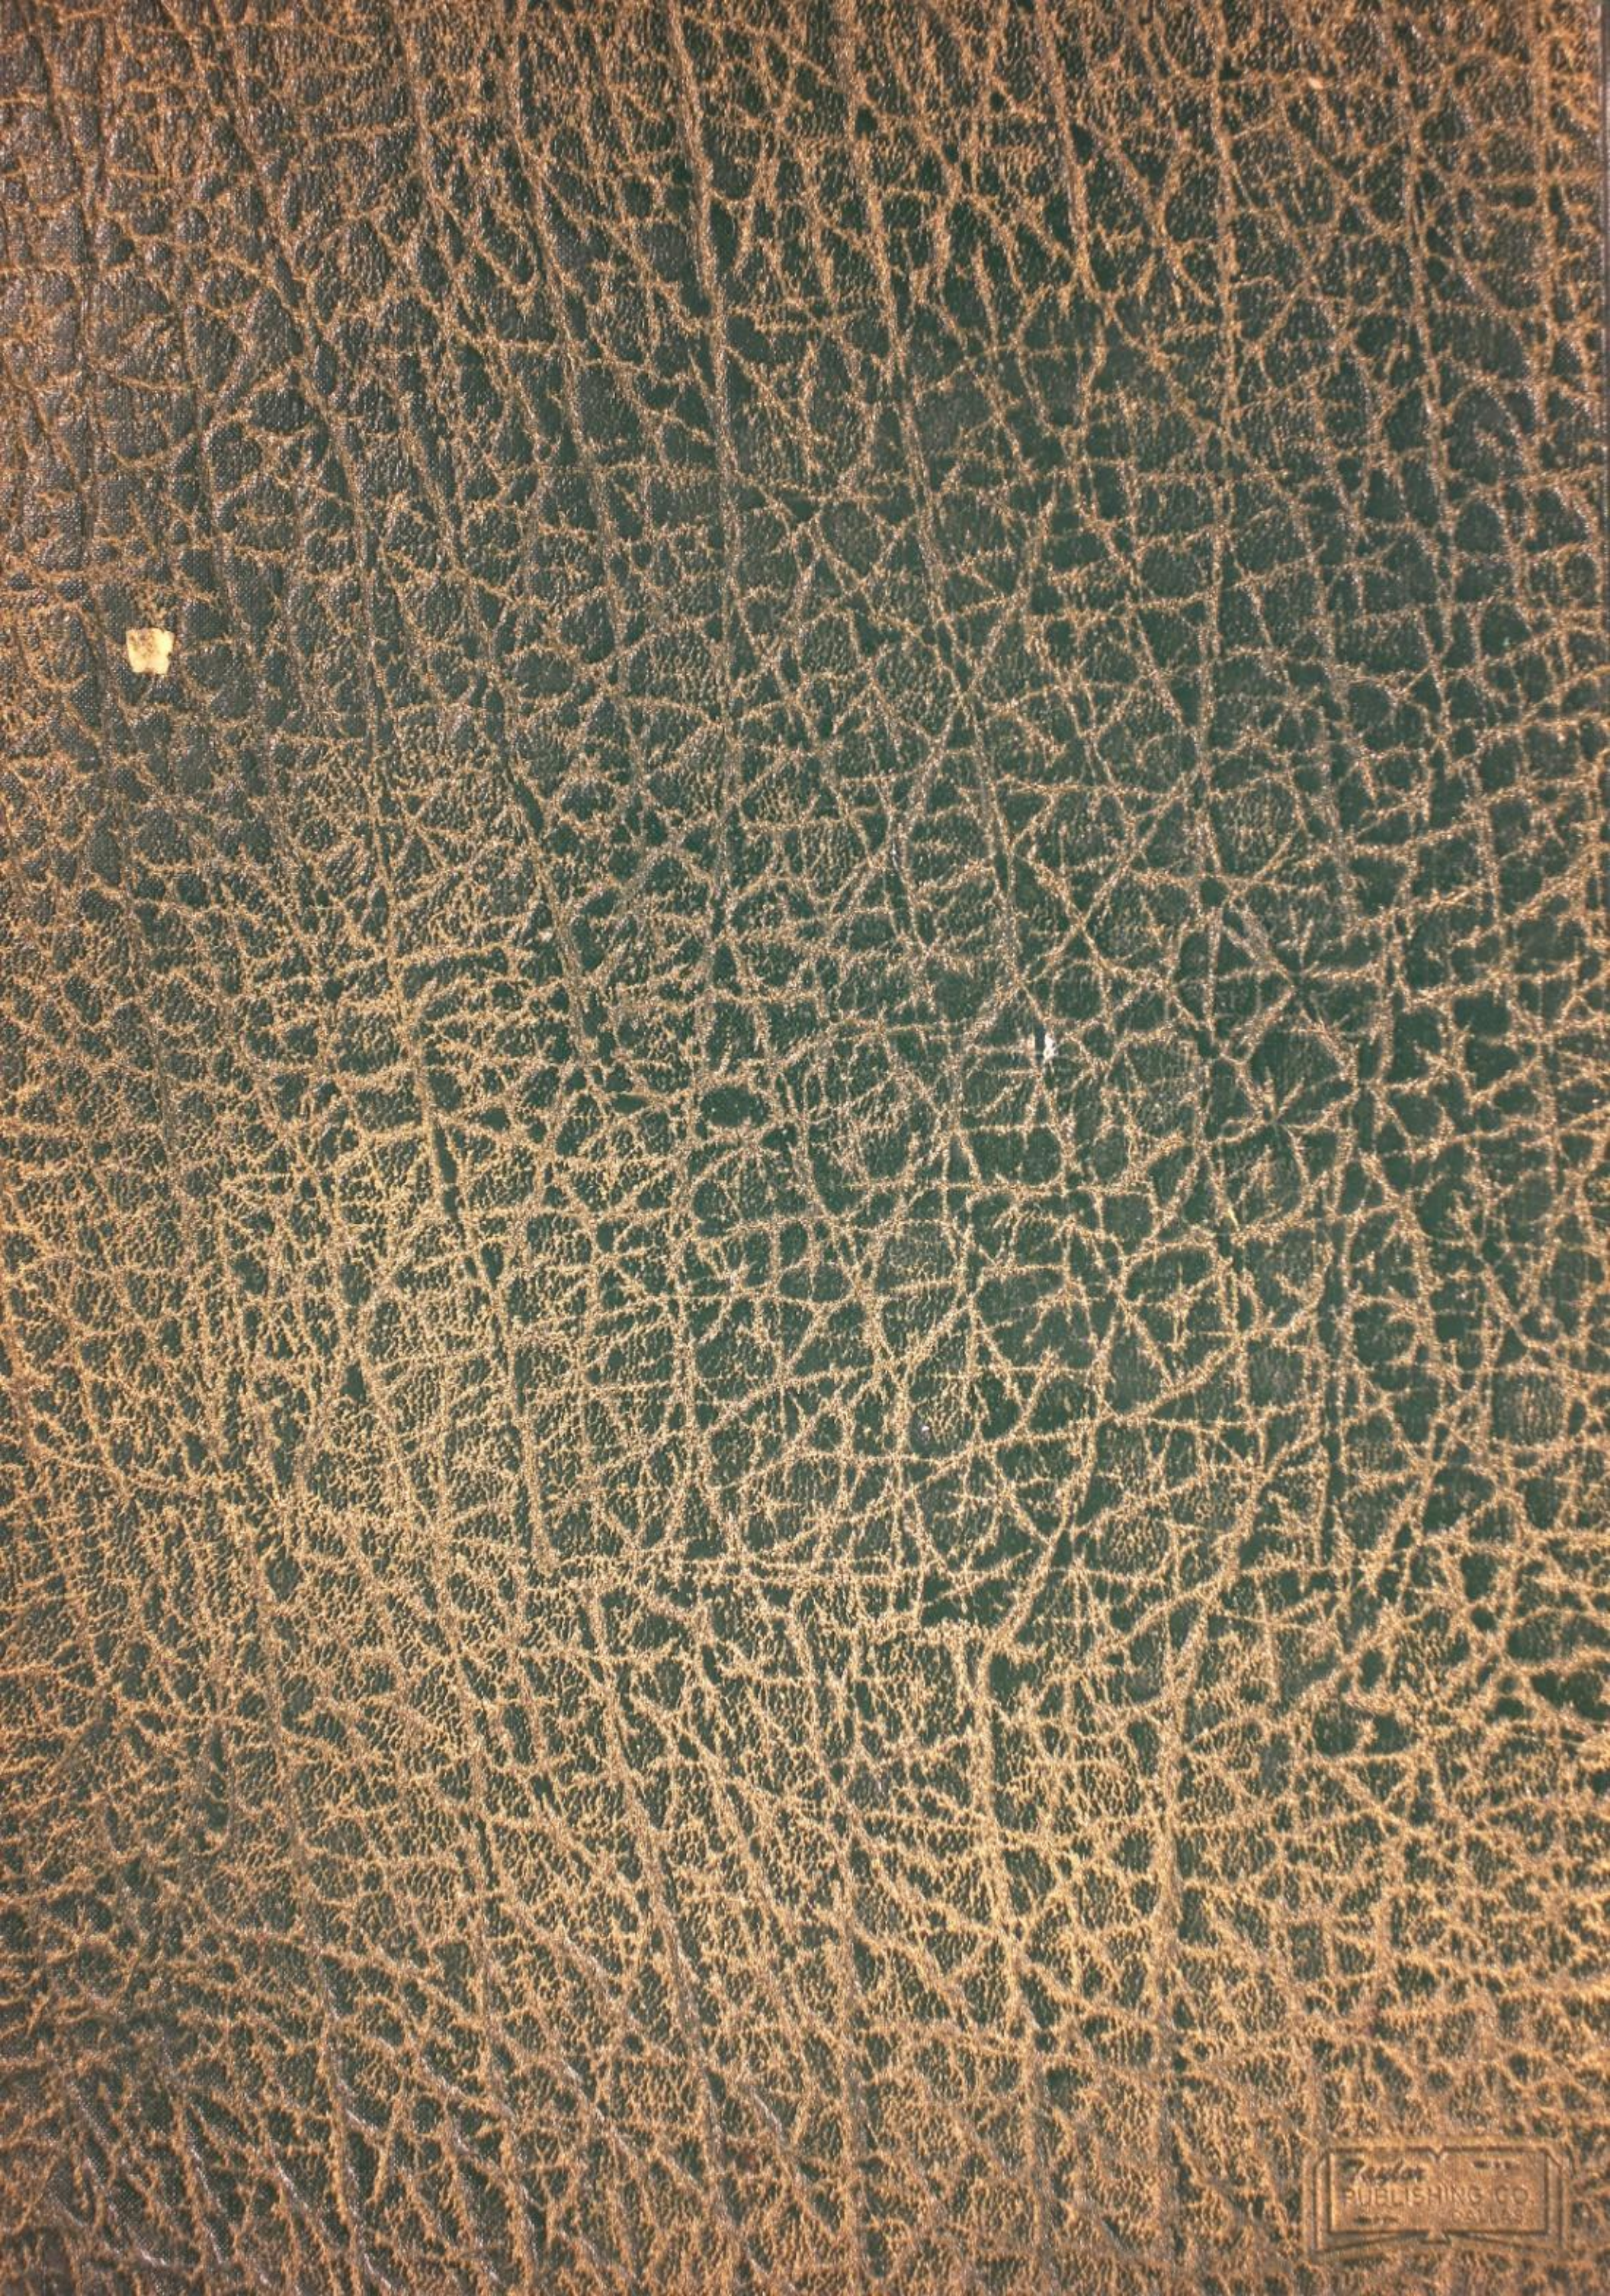

Kerr,  
I had a last year, lots of luck to this year bidding and good times every you about your year, lots of luck to size, but remember a great guy, it's the little things in life that counts.

John  
Brayal

John- I have really enjoyed being in English with you this year. I hope to see you next year in my class.

Richard Sullivan,  
John, I know you are a great guy, and I hope you will have a great year. I will see you next year. I will see you next year. I will see you next year.
